## OF IRISH FREE TE HEAD IS KILLED

Cosgrave Shot by Raid of Store Beneath His Home in Dublin.

By J. P. LELLY,  
Correspondent of the Post-Dispatch and New York World.

IN Oct. 2.—Patrick Cosgrave, of the Irish Free State, was shot by a raid of his home in Dublin.

The first man rushed from the counter. A shot was fired, and Cosgrave fell, mortally.

The raiders escaped. A few minutes later Cosgrave was taken to a hospital.

He was pronounced dead. The raid was a robbery of the apparent kind.

Through there were visitors at the time, the raiders made an attempt to enter the living room.

A bomb was hurled into the street. The Dublin barracks of the new civil guard, damage was done other than the killing of Cosgrave.

Several recruits were in the building. South Ireland comes the first of a big roundup of irregulars.

Many prisoners and munitions were taken. The raiders are to be included in several important cases. A wireless station in course of construction was seized.

Others Hurt During Panic in Motion Picture House.

Associated Press.  
NEW YORK, Oct. 2.—Sixteen persons killed and 34 injured in a fire in a motion picture theatre in New York.

The fire broke out in the rear of the theatre, and spread to the main floor.

Most of the dead and injured were children.

Five Persons Injured in Other Automobile Accident.

Five persons were injured in other automobile accidents yesterday.

William Rice, 73, of 2635 Washington boulevard, suffered internal injuries and cuts when he was hit by a car.

Miss Beulah Grishaber, 21, of 4235 Broadway, and Miss Alma Hipes, 21, of 2134 Vest avenue, were cut and bruised when an automobile driven by Mrs. Julia Mitchell, 3402 East avenue, ran on to the sidewalk at Tower Grove and Blaine avenues.

Mrs. Mitchell steered on to the sidewalk to avoid hitting three boys "rolling bicycles."

Patrick Payne, 48, of 222 West avenue, St. Louis County, was cut on the head when an automobile in which he was riding collided with a motor truck at Broadway and Sidney street.

Walter Drenning, 48, of Pevely, Mo., suffered cuts on the face when an automobile in which he was riding ran into an embankment at Florissant and Calvary avenues.

FAMILY BARRED AT SECOND AUTOPSY ON BODY OF MINISTER

Continued From Page One.

remains away, the more he will have to explain. We possess facts tending to show that this man knows a great deal about the murder."

David told reporters the break in the case may come early next week.

"Will Be Sensational"

"When the break does come," he said, "it will not only be sensational in the extreme but will serve to prove the lack of foundation of the theories thus far advanced by unofficial investigators. The developments of the last few days leave no question as to the ultimate solution of the crime."

In view of the discovery in the autopsy upon the body of Mrs. Mills that not only had she been shot three times and wounded by a fourth bullet, but that a third throat had been cut, the authorities are eager to know exactly the condition of Mrs. Mills' body.

According to the report of Dr. W. H. Long, coroner's physician of St. Louis County, the clergyman died from a single wound in the head. What is wanted now is a complete report by a group of physicians.

BANKERS OF NATION MEET

By the Associated Press.  
NEW YORK, Oct. 2.—The 45th annual convention of the American Bankers' Association got under way today with most of the 7500 delegates in attendance. A program of business and entertainment will take up five days.

Topics, the future of labor unions, agriculture, thrift promotion, and economic relations with Europe are among the topics to be discussed.

## Recent Photograph of Former President Wilson on His Daily Ride in Outskirts of Capital

This photograph of former President Woodrow Wilson, out for his daily ride in the outskirts of Washington, gives an excellent idea as to the condition of his health after almost two years away from the White House.

## G. O. P. LEADERS PRAISE BREWSTER FOR COURAGE

Republicans Declare Nominee's Declaration on Dry Law Will Help Him Greatly.

St. Louis Republican party leaders who a few weeks ago were seeking incorporation in the State platform of a plank indicating a desire to modify the Volstead act, and who were urging that R. R. Brewster, nominee for the United States Senate, express an individual sentiment along the same line in his opening campaign speech, today are praising Brewster for courage they say he displayed in his Warrensburg address yesterday, when he declared he would never vote for amendment of the Eighteenth amendment to the constitution by an act of Congress.

Expressions of the same Republican leaders of several weeks ago that they feared Senator Reed, Democratic nominee, would carry St. Louis unless Brewster made some statement indicating that he was at least mildly moist, today are changed to predictions that Brewster will carry St. Louis by a substantial majority and will go an overwhelming vote in the rural "dry" territory.

City Chairman's View.

"The entire Republican organization will go down the line for Brewster," said Walter J. G. Neun, chairman of the Republican City Central Committee. "The thinking Republicans of St. Louis will come to realize that Brewster's statements on prohibition are those of a man who has the courage of his convictions and they will prefer such a man in Washington as a Republican Senator to a Democrat, even though the Democrat be Senator Reed."

"Of course there will be many individual Republicans who will vote for Reed because he is regarded as 'wet,' but their number will more than be offset by the Democrats who will refuse to vote for Reed under any circumstances."

"As a matter of fact the prohibition question is not and will not be the big issue of the campaign, although many are seeking to make it so. Before election time comes, Republicans in St. Louis and throughout the State will realize that Reed cannot bring back beer or light wines, regardless of his personal opinion. Brewster has announced that he is in favor of enforcing the law of the land. No man worthy of support could do less."

Goldstein to Support Brewster.

When Circuit Clerk Nat Goldstein was asked concerning his opinion of the effect of Brewster's stand on prohibition, he responded with a question: "What else could he have done?"

"He said that he is in favor of the laws and Constitution as written," Goldstein continued. "Certainly everybody agrees with him that far. Personally I am opposed to prohibition in principle, but I realize that it will make no difference what may be the personal views of a Missouri Senator on that question."

"It will take a vote of two-thirds

## LIFTING OF BLOCKADE AT STRAITS DEMANDED

Russian Note Insists on Removal of All Restrictions at Dardanelles.

By the Associated Press.  
MOSCOW, Oct. 2.—The Soviet Russian government has sent a note to England, France and Italy, protesting against the blockade of the Dardanelles and insisting upon the removal of all restrictions to the free passage of trading ships through the straits.

The note says the manner in which England is "endeavoring to control foreign seas and territory" shows in difference to the interests of Russia and the other Black Sea states.

Categorically "protesting against the blockade fixed by England without Russia's knowledge and against Russia's interests," the note cites that this action was taken while Russia was endeavoring to re-establish her own economy, destroyed by war and intervention, and after unsuccessful attempts by the European countries to re-establish the world's economy through the Genoa and Hague conference.

"The Russian Government," the communication continues, "has placed orders with European countries and America. The majority of these already are loaded upon ships which are designed to be sent through the straits to the Black Sea ports. Quite unexpectedly the Russian Government learns that England, depending upon her navy, had blockaded the Dardanelles, and, moreover, has ordered her warships to fire upon vessels attempting to disobey the blockade order."

The note accuses the Entente of interfering with the efforts of the Russian Government to re-establish normal conditions in Russia, through their enforcement of the blockade, despite certain concessions already made by the Soviet.

"The blockade," it says, shows that the countries which are not interested in the Black Sea, which insist upon controlling it by military force, will always be a threat against the economic life of the Black Sea countries."

"Freedom of the Straits, for which Europe is preparing new bloodshed, means only a free hand for the Entente to force the blockade at any time under any pretext, thus cutting off the Black Sea ports from the world."

"The Russian Government stands for freedom of the Straits, but for such freedom as will give free passage to trading ships and which will free the Straits and the Black Sea of all military forces."

"The blockade has no effect upon the economic life of England and the allies. Its only effect is on the economic life of the Black Sea states. The lightness with which the English seas and territory clearly indicates their indifference toward the interests of the Black Sea countries."

"Therefore, the Russian Government hereby insists upon removal of the blockade and all limitations interfering with the free passage of trading ships through the Dardanelles which are being enforced by England and the allies."

DEMURRER TO INDICTMENT AGAINST HARRY TURNER FILED

A demurrer to the indictment charging Harry Turner, publisher of "The Advertiser," with conspiracy, day, bankrupt broker, with conspiring and passing interim certificates issued by J. P. Morgan & Co., in connection with French Government bonds, was filed in the Federal Court today in behalf of Turner.

It sets forth that the section of the penal code, under which the prosecution was instituted, provides that such certificates must be issued under authority of the Government and that the indictment specifies that the certificates were issued by J. P. Morgan & Co. The District Attorney has five days to make a reply. The trial of the case has been set for Oct. 19.

## VIOLENCE OVER TAXI STRIKE IS RENEWED

Nonunion Drivers Fired On, One Slugged and 'Stench Bombs' Thrown.

The conflict which has occurred sporadically between former taxicab drivers of the Columbia and Yellow companies and the men who took their places when they struck last New Year's eve broke out afresh and vigorous Saturday night and early Sunday morning.

The former drivers resumed their throwing of missiles through windows and explosions of "stench bombs" in public places where the companies maintain stations. Two of these "bombs" landed near the entrance to the lobby of Hotel Statler yesterday at 1 a. m. and quickly emptied the lobby because of the intensity of the obnoxious odor.

The "bombs" were thrown from an automobile. The car was driven by a man who took the license number of which was observed by Acting Night Chief of Detectives Garvey and which was pursued by a car of night-riding detectives, who overtook it after a chase. The car was driven by Charles Lang, 29 years old, of 3137 Oregon avenue, and Jerome C. Groh, 27, of 3329 Salena street.

Worn Spark Plugs Found.

They were arrested. Both were said by police to have admitted they threw the "bombs." In their automobile was a bucket containing 21 worn-out spark plugs. In several attacks upon taxicabs, spark plugs have been used as missiles.

George Lay, 34, of 6536 Crest avenue, chauffeur for the Yellow company, was attacked and slugged as he was passing a passageway at 5659 Delmar boulevard to a telephone installed there for communication with his company. A night watchman fired several shots at men who ran away as Lay fell and a policeman, attracted by the firing, discharged his revolver also and captured a man who was running and who, he said, carried a hammer in his hand. The man said he was Harry Marquise of 2695 Dayton street. He denied participation in the attack.

Shot Fired From One Car.

Six of seven Yellow and Columbia taxicab drivers were attacked during the early part of Saturday night, and later in the night and early yesterday, the nonunion drivers of these companies started reprisals. Two Yellow cabs occupied by 10 chauffeurs were cruising west on Olive street at 4:30 a. m. when at Channing avenue they encountered an automobile going east. They reported to the police that six or seven shots were fired from the eastbound automobile.

Detectives came upon a car parked in front of 3510 Olive street at 6 a. m. It was occupied by six men and in the machine were three revolvers. The men were arrested.

MRS. HAMMERSTEIN SEEKS WORK

Widow of Impresario Wants Employment of Any Sort.

By the Associated Press.  
NEW YORK, Oct. 2.—Declaring that she has no funds and must find work at once, Mrs. Oscar Hammerstein, widow of the impresario, today inserted this advertisement in a morning newspaper:

"Must have work of any sort at once. Mrs. Oscar Hammerstein. (Widow of the late Impresario)."

Mrs. Hammerstein, who is staying with friends, said she had not a dollar in the world, and must earn money for herself and her dog.

## Immigration Officials Detain Isadora Duncan

American-Born Classic Dancer, Who Married Russian Poet and Who Holds Liberal Views, Offered a Hearing.

By Leased Wire From the New York Bureau of the Post-Dispatch.

NEW YORK, Oct. 2.—Isadora Duncan, American-born classic dancer, whose liberal views of social conventions have been much discussed, was detained yesterday by the immigration officials when she arrived on the French liner steamship Paris and Havre. She had a hearing at Ellis Island today.

The dancer and her husband were taken from the French liner to Ellis Island this morning.

Manager Complains of Treatment.

Mrs. Duncan's American manager, S. Hurok, was in a bad humor over the treatment he said immigration inspectors accorded him last night after he visited the dancer on the ship. Coming down the gangplank, he said, an immigration inspector met him, saying "you'll have to come with me to the office and if you don't come peacefully we will have to use force."

Hurok, a citizen of the United States, said he was taken to the office on the dock and stripped of his clothing. He said he presumed the inspector was looking for invisible writing. Hurok said he thought it an outrage and announced he would complain to Washington or prefer a charge of assault against the inspector.

The dancer was accompanied by her young husband, Serge Esenline, a Russian poet, to whom she was married in Moscow last April. He also was detained. While no information was given out as to the reason for the detention, it was intimated that Mrs. Duncan's association with the Soviet government might be the cause. Technically, the dancer lost her American citizenship when she married Esenline, a Russian citizen.

Husband Stands by Her.

Although he did not know what his wife was saying—speaking only Russian and French—Esenline stood by his wife, apparently nodding approval of her remarks.

It is considered possible, if the dancer reconsiders and goes to Ellis Island, that her examination will be a mere formality and that she will be admitted as an artist, as was Chaplin, the Russian basso, who came here last year, and at the time of his arrival approved of the Soviet methods of government. Mrs. Duncan gave her age in her papers as 38 years; her husband gave his as 27.

A reporter found Mrs. Duncan sitting disconsolately near the official who had just broken the bad news. She was an inconspicuous figure in the glided salon of the ship—a wild west cowgirl in a Louis XIV chair. Mrs. Duncan was going ashore wearing a white felt hat pulled down over a mass of dull red hair, bobbed at the shoulders. Her feet were in boots that folded just below the knee, fashioned of soft red leather inset with jade green enamel. Her dress was a jacket and skirt of loosely woven blue wool with Navajo blanket stripes. The neck was turned back, pea-jacket fashion, showing an orange smock.

The reporter asked if she ever had any connection with the Soviet government or if her husband was in any way connected with the Lenin regime.

Here to Tell of Children.

"Why I never saw Lenin or Trotsky in all the time I have been in the United States," she said, "and I am not coming to tell Americans of the children over there and how they are being neglected."

"I tell you," said Mrs. Duncan, aroused, "that is all we come for. I wish to let people know how those children live on black bread, and how last Christmas I saw them dance around a pathetic tree in a room five degrees below zero. I am not concerned with politics or governments, but with the Russian children. They are wonderful. To see a child half starving, with a red rag bound about its head and the look of a king in its eyes—that is what I have to tell America—not political propaganda."

"They say to me, 'We are starving, but we are free.'"

Asked for a copy of his poems, Esenline said the only ones available were in Russian. Yes, he said some in French translations, a few in his baggage. If the reporter might call at that was the Waldorf—he would present him with a copy. They hoped to stay here until February, when they would return to the school in Russia. Did the Russian minister of education aid the school? Well, the minister would like to aid it, but one who has nothing can give nothing except advice.

A reporter found Mrs. Duncan sitting disconsolately near the official who had just broken the bad news. She was an inconspicuous figure in the glided salon of the ship—a wild west cowgirl in a Louis XIV chair. Mrs. Duncan was going ashore wearing a white felt hat pulled down over a mass of dull red hair, bobbed at the shoulders. Her feet were in boots that folded just below the knee, fashioned of soft red leather inset with jade green enamel. Her dress was a jacket and skirt of loosely woven blue wool with Navajo blanket stripes. The neck was turned back, pea-jacket fashion, showing an orange smock.

## HOW TO PREVENT FIRES TOLD BY CHIEF PANZER

Series of "Don't's" Issued in Connection With Fire Prevention Week Observance.

A series of "don't's" for public consideration during Fire Prevention week, the twelfth annual observance of which began today in St. Louis and nationally, has been issued by Fire Chief Panzer as a means of tending to reduce the annual loss in the United States of 15,000 lives and a property loss of \$500,000,000 from fires, most of which had needless or careless origin. They follow:

Don't use makeshifts instead of proper fuses in the household electric system. The fuse is the safety valve of the system.

Don't leave electric flat irons or other heating devices turned on while attending to something else.

Don't look for gas leaks with an open flame light. Use an electric flashlight preferably.

Don't use gasoline or other volatile liquids to remove spots from clothing or for other purposes.

Don't throw lighted matches or other smoking material where they can possibly cause fire.

Don't smoke in bed. Perhaps those guilty of this fracture are too green to burn, but the beds are not.

Don't let children play with matches or bonfires.

Don't fail to have defective chimneys and flues mended.

Don't forget to have soot removed from the smoke pipe. If not cleaned, the pipe may become overheated and start a fire when the furnace is operated.

Don't neglect to protect the walls, ceiling and partitions from overheating of stove, furnace or pipes.

Don't put hot ashes into wooden boxes or barrels.

Don't fill off lamps or stoves by an open flame light.

Don't let rubbish accumulate.

Don't fail to keep a bucket of water and a bucket of sand for use in case of fire. They may save the lives of your family as they have the lives of others.

The warnings about the use of substitutes for fuses in electric lighting systems is particularly emphasized by the Chief, who notes that between 1916 and 1920 a fire loss of \$85,000,000 was attributed to misuse of electric devices.

QUIT WAITING FOR PROSPERITY  
Make it!

The spirit of enterprise is again asserting itself in every line of endeavor. Day dreamers, rainbow chasers, and the fellow who is waiting for good times to come back are being submerged by those intent upon making prosperity.

Confidence is the keynote of the situation, backed by an ever quickening pulse of industry and a bountiful harvest.

The diligent already are the beneficiaries and are bringing to business a sound, healthful growth that promises well for tomorrow.

It is the purpose of this big institution to co-operate with both firms and individuals toward realizing to the fullest and safest extent on this era of gradual improvement. Conferences invited.

Especially do we want to aid and urge the worker to save at this time. Open Monday evenings until 6:30.

## To Decided Advantage Can Needs Supply

### Wide and Excellent Selection for Women and Who Desire Plain and Fur-Trimmed

### From Stocks That Are Extraordinarily Broad Can You Be Fitted In

## Smart Fall Clothes

### Assortments That Are Representative of Prominent Makers and Values That Are Unsurpassed in St. Louis

¶ Our enormous stocks have been assembled with the idea of giving men of all types the opportunity of choosing from the widest variety of clothes that are particularly adapted to them. And they are clothes which give assurance of satisfaction—the materials are high grade, the styles are correct and every garment is expertly tailored. Three specially-purchased groups of Two-Trouser Suits are now being featured, from which your Fall needs can be most profitably supplied.

**\$35 Two-Trouser  
New Fall Suits  
\$26.75**

Men's and young men's Suits, expertly tailored of all-wool and pure worsted fabrics, in patterns that include fancy mixtures and pencil stripes. Sports, single and double breasted models. Regulars, stubs, stouts and slims.

**Whipcord Coats  
Unequaled  
Values at \$32.75**

Tailored of pre-shrunk cravenette whipcord, silk trimmed and of decidedly smart appearance; sizes for men and young men.

**\$40 and \$42 Two-Trouser  
New Fall Suits  
\$32.75**

Sports, single and double breasted models for men and young men. Materials are silk-mixed worsteds, cassimeres, tweeds and chevrons, in a very good variety of patterns. All sizes, including stouts, slims and stubs.

**Gabardine Coats  
Extra  
Values at \$29.75**

Of lustrous imported gabardine, in dark olive and slate shades; double breasted, belt all around, silk yoke and sleeve lining; sizes 33 to 48.

**\$55 Two-Trouser  
New Fall Suits  
\$44.00**

Suits in newest conservative styles of Imperial blue serge and best quality silk-mixed worsted fabrics. Faultlessly tailored, and the best linings and trimmings have been used. All sizes, including extra large sizes, stouts and slims.

**Gabardine Coats  
Extraordinary  
Values at \$19.75**

Double-breasted models with convertible collar, inverted pleat back, satin yoke and sleeve lining. Suitable for men and young men. Sizes 32 to 48.

### Society Brand Topcoats In Newest Models

**\$35**

Showing the careful attention to detail and superior styling that distinguish clothes of this renowned make, these Topcoats will be the choice of particular men. Full-back, form-fitting models of Tweeds and Scotch mixtures with belt all around—comfortable weight and correct length.

## Illinois Central System Urges Co-operation in the Movement of Coal

The Illinois Central System is facing the problem of providing coal cars for transporting Fall and Winter bituminous coal supplies from the mines to its patrons. Ordinarily this task is performed partly during the Summer, before the heavy traffic occasioned by the movement of the crops begins. Owing to the miners' strike in the bituminous coal fields, which continued for nearly five months, from April 1 to August 22, the heavy movement of coal and the movement of the crops come at the same time this Fall.

During the miners' strike the sidetracks of the railroads were crowded with many thousands of idle coal cars. Reserve supplies of coal were exhausted, and all coal bins are now practically empty. Every informed person will appreciate that no railway system could keep itself adequately equipped to meet such a situation as this. However, the Illinois Central System organization is proceeding to the task of moving as many tons of coal from the mines to dealers, consumers and industries as it is humanly possible to move with its facilities.

By the prompt loading and unloading of cars and by direct billing of cars to avoid delays occasioned by reconignment, coal mine operators, coal dealers and coal consumers can aid materially in accelerating the coal movement. With the people demanding coal to keep them warm and prevent suffering this Winter, and with industries demanding coal to keep up production, thus avoiding unemployment, every person should constitute himself or herself a committee of one to see that no coal car is delayed for even one unnecessary hour.

We appeal to coal mine operators, coal dealers and coal consumers to co-operate with this company in preventing unnecessary delay in the loading and unloading of coal cars. We believe that the prompt movement of coal cars has never been so necessary as it is at this time. We also believe that, if we receive 100 per cent co-operation from coal mine operators, coal dealers and coal consumers in the prompt loading and unloading of coal cars, no one dependent upon the Illinois Central System for transportation will suffer from cold this Winter.

About 75 per cent of the bituminous coal loaded on the Illinois Central System rails is unloaded at destinations on other lines. Therefore, one of our problems is to get cars unloaded promptly on our connecting lines and returned to us for quick delivery to the mines. In this we need and ask the greatest co-operation even of those whom we do not directly serve.

The Illinois Central System owns 30,667 open top cars suitable for coal loading. To this number should be added 5,000 new coal cars which we have recently purchased. Two thousand of these cars are now being delivered, and delivery of the remaining 3,000 has been promised in November in time to take part in the heavy coal traffic this Fall.

One of the responsibilities devolving upon a railway system is that of constantly adding to its equipment in order to discharge faithfully its duty to its patrons. In addition to the 5,000 new coal cars which we are adding to those already owned, we are this month receiving deliveries of sixty-five new locomotives which were ordered last July.

The aggregate cost of cars and locomotives bought by the Illinois Central System this year amounts to more than \$14,000,000. Yet in spite of this and the further fact that this railway system has expended more than \$180,000,000 for enlargements and improvements to its property in the last twelve years, its capacity for serving its patrons this Fall and Winter may be inadequate.

We ask our patrons to consider carefully all of the obstacles which have confronted us and the other railroads before framing an opinion in regard to why the capacity of the railroads is sometimes not equal to demands.

Constructive criticism and suggestions are invited.

O. H. MARKHAM,  
President, Illinois Central System.

## HOLDUP MEN GET \$2400 AT THEATER IN EAST ST. LOUIS

Armed, Masked Robber Binds  
and Gags Auditor and Janitor  
in Office After Night  
Performance.

A masked man, believed to have been assisted by another robber, stole \$2400 from the office of the Lyric Theater, 349 Collinsville avenue, East St. Louis, at 11:30 o'clock last night, and escaped after binding and gagging Charles C. Cravens, auditor of the theater, and George York, janitor. The money was the receipts of Saturday's and Sunday's performances.

After the last performance the front and side doors of the place were locked by the janitor and Cravens began counting the day's receipts in the office, when a man, masked with a blue handkerchief, appeared and, pointing a revolver at Cravens and York, ordered them to hold up their hands and face the wall.

They heard the voice of another man while their feet and hands were being tied with a piece of cloth. The first robber remarked to Cravens: "I ought to croak you for snatching up in Madison County." Cravens was a witness against John Bauer, also known as George Ayers, recently sentenced to life imprisonment for complicity in the murder of a deputy sheriff at Granite City.

After placing Cravens and York in a room, the robbers departed by the front entrance. Cravens and York freed themselves in a few minutes and notified the police.

The robbers are presumed to have concealed themselves in the theater after the last performance.

CAUSE OF \$30,000 FIRE AT  
LEBANON, ILL., NOT DETERMINED

Garage, Warehouse and Barn, Horse and Three Autos Are Destroyed.

Fire at Lebanon, Ill., yesterday at 5 a. m. destroyed the Gersten-Ecker Bros. garage with an estimated loss of \$30,000, a warehouse of the Kohn Mercantile Co. and a barn of Van Smith, the total loss in the fire being about \$30,000.

The cause of the fire, which is believed to have started in the warehouse, has not been determined. A horse belonging to the mercantile company was burned to death and three automobiles in the garage were destroyed.

## Just Received—Regular \$55.00 Suits— Men's Suits With Extra Trousers

Ultra-Fine Quality and  
Very Special Values at \$42.50

ONE of the best makers of fine clothes in America made these Suits for us—according to specifications of the most exacting kind:

—that they must be made of finest all-wool materials.

—tailored in the most painstaking manner to the smallest detail.

—hand-finished around the collar and shoulders and wherever hand-tailoring would add to their smartness of appearance, comfort or general wearability.

—trimmed and finished like the most expensive Suits; no raw seams nor edges to fray.

All these specifications have been most carefully adhered to and we offer them as Suits that will please the most discriminating man.

Smart models for the youth, the student, the young business man and the mature business man—and super-excellent values in every model. It is unusual to find Suits of such fine quality with an extra pair of trousers—but remember, you will get almost double the usual amount of wear as a consequence.

Men's Clothing Shop—Second Floor.

P. S.—Be sure to see our new Fall and Winter Overcoats, which are priced \$25.00, \$35.00, \$45.00 to \$65.00.

## Visitors Arriving in St. Louis to Attend the Veiled Prophet Ball

## A Brambach Baby Grand Piano

\$50 Cash \$635 \$16 Monthly

MAKE this a memorable visit by purchasing a Baby Brambach Grand Piano. The perfect harmony and distinction that a Grand Piano lends to its surroundings may be realized in your own home. There was a time when the possession of a Grand Piano was possible only in the home with a spacious music room. But since the advent of the Brambach Baby Grand Piano, the coveted ownership is simply a matter of discriminating choice. This Piano occupies the same space and costs about the same as an upright instrument, yet its recognized musical superiority and its attractive appearance are incontestable reasons why the Piano in your home should be a Brambach Baby Grand.

In Addition to the Wonderful Terms, the Vandervoort Method Provides for Unequaled Protection for Time-Payment Purchasers

The Life Insurance Clause

—by which any balance due will be automatically canceled in the event of the death of the signer.

The Vandervoort Guarantee

—which covers every phase of Piano construction, and through the absolute dependability of this institution, assures perfect satisfaction in the Piano purchased.

The Protective Installment Insurance

Up to this time, anyone who purchased a Piano on the payment plan ran a risk—the possibility that sickness or accident would necessitate failure to meet payments, and the amount previously paid would be lost. Now, however, you are insured against such a contingency. The company pays for you. There are no back payments to make or losses to cover upon your recovery.

Out-of-Town  
Customers

The same offer applies to anyone living out-of-town. No additional charges will be made for delivery.

A beautiful combination bench is included in the purchase of a Baby Grand Brambach Piano.

## MAYOR TO APPOINT TRAFFIC COMMITTEE

Members Will Investigate and Recommend Solutions of Problem in City.

Appointment by Mayor Kiel of a committee representing all traffic interests to investigate and recommend solutions of the growing traffic problems of the city was agreed upon at a traffic conference held in Mayor's office today at the request of the Safety Council.

Adopted by the conference urging measures be taken by the next Legislature to increase the police force to a point where 300 officers can be detailed to traffic duty instead of 24, as at present.

Strong opposition was voiced to a move by Director Fisk of the Department of Streets and Sewers to eliminate "left turns" in the congested downtown district, effective Oct. 1. After several speakers opposed this action on the ground that it would increase rather than decrease traffic congestion, Fisk said the announcement had been made as a suggestion in order to get the opinion of business men. The regulation would not be put into effect, he said.

Favorable sentiment was shown toward the proposal to establish a traffic court, but there was some doubt whether it could be formed under the present charter. Oliver T. Remmers, chairman of the Legis-

lative Committee of the Safety Council, who presided; Roy M. Britton, attorney for the Automobile Club of Missouri; and City Counselor Hald were appointed to prepare a legal opinion on the court.

A committee from the Associated Retailers was present to oppose the

plan to eliminate "left turns" downtown. Melville L. Wilkinson, president of Scruggs-Vandervoort-Barney Dry Goods Co., said such action would not reduce traffic congestion but would increase it five to one. Appointment of the general committee to investigate all phases of the

traffic situation was Wilkinson's suggestion. "More Enforcement Needed." Britton said a move should be made to simplify the traffic regulations instead of creating more regulations. "There are too many traffic laws on the books now," he said.

"and no motorist knows all of them. What we need is more enforcement of the traffic laws we have rather than passing more laws."

## Refined, Delicate Skin Secured by Absorption

No complexion can be considered beautiful if the skin is coarse in texture. This trouble can be overcome by opening and cleansing the pores, the closing of which makes the skin rough. To open the pores and remove dirt and impurities, use the mercolized wax process. The wax completely absorbs the rough, faded or discolored outer skin and unclogs the pores. The fresh, young skin underneath then in evidence is exquisitely delicate, refined and beautiful. And it is kept so, as the pores now freely expel effete matter and drink in the life-giving, circulation-promoting oxygen. Mercolized wax, because of its wonderful absorption power, is fast superseding other treatments for coarse, dimply, yellow, muddy or blotchy skin. It is applied at night like cold cream and washed off next morning. The wax, to be had at any drug store (one ounce will do), is entirely harmless.

## PART TWO.

MISSOURIAN PAID TAX ON  
INCOME IN EXCESS OF  
HALF MILLION FOR 1920

Net Income of Seven Highest Taxpayers Was  
\$2,697,506, With Payments of Taxes  
Totalling \$1,253,273.

Post-Dispatch Bureau.  
20 Wyatt Building.  
WASHINGTON, Oct. 2.—Com-  
plete income tax statistics for the  
calendar year 1920, issued Saturday  
by the Internal Revenue Bureau, list  
the Missouri as having paid a per-  
sonal tax on an income of between  
\$100,000 and \$750,000. The iden-  
tity of the taxpayer and the exact  
amount of the return are concealed.  
One person had an income of be-  
tween \$100,000 and \$200,000 and  
five were in the next highest class,  
from \$200,000 to \$400,000. There  
was none in the class from \$400,000  
to \$500,000.

The net income of the seven high-  
est taxpayers was \$2,697,506. They  
paid a normal tax of \$174,181 and  
a surtax of \$1,079,092, a total of \$1-  
253,273.

The total number of personal tax  
returns from all classes in the State  
was 182,199, as compared with 125-  
248 the previous year; the total net  
income was \$148,130,178, as com-  
pared with \$170,443,311 the previous  
year; the total tax yield was \$21-  
877,91, as compared with \$22,146,0-  
119.

## Missouri Returns.

The number of Missouri returns  
from each of the income classes up to  
and including the class from \$200-  
000 to \$500,000, with the tax yield  
from each, was as follows:

Income Class	No. of Returns	Tax Yield
\$100,000 to \$200,000	2,440	\$675,263
\$200,000 to \$300,000	3,084	\$935,185
\$300,000 to \$400,000	3,547	\$1,011,096
\$400,000 to \$500,000	270	\$82,111
\$500,000 to \$750,000	6,600	\$28,547
\$750,000 to \$1,000,000	2,541	\$54,444
\$1,000,000 to \$2,000,000	2,043	\$104,953
\$2,000,000 to \$5,000,000	1,425	\$463,933
\$5,000,000 to \$10,000,000	1,083	\$400,181
\$10,000,000 to \$25,000,000	809	\$282,111
\$25,000,000 to \$50,000,000	375	\$130,178
\$50,000,000 to \$100,000,000	121	\$43,599
\$100,000,000 to \$250,000,000	43	\$15,629
\$250,000,000 to \$500,000,000	10	\$4,234
\$500,000,000 to \$1,000,000,000	4	\$1,575
\$1,000,000,000 to \$2,500,000,000	2	\$720
\$2,500,000,000 to \$5,000,000,000	1	\$282,817

Notable: personal exemption and div-  
idend income.

The figures for the highest classes  
are grouped, in compliance with the  
law requiring concealment of individ-  
ual returns.

Of the 182,199 returns from Miss-  
ouri, 90,881 were made jointly by  
husbands and wives, 12,682 were by  
husbands alone, 1,377 were by  
women, heads of families, 43,599  
were by all other men, 9,688 were by  
all other women, and 1,562 were by  
wives making returns separate from  
those of their husbands.

Sources of Tax.  
The Missouri personal income was  
derived as follows: From wages and  
salaries, \$133,680,560; business, \$69-  
11,119; partnerships and personal  
service, \$12,544,443; interest on Gov-  
ernment obligations not wholly ex-  
empt from tax, \$1,310,179. The to-  
tal income was \$225,278,130; general  
deductions were \$77,147,952, leaving  
net income of \$148,130,178.

The number of Missouri personal  
returns was 2.23 per cent of the total  
for the nation, which amounted to  
182,199; the net income was 2.31  
per cent of the total of \$218,255,629-  
183; the tax paid was 2.02 per cent  
of the total of \$1,075,053,686.

For the whole nation the figures  
show an increase of 1,927,184 over  
1919 in the number of personal re-  
turns filed, an increase in the total  
net income reported of \$3,876,137-  
75, but a decrease of \$194,576,418 in  
the total of taxes collected.

The percentage of the population  
of the whole country filing returns was  
4.83; the average net income per  
return was \$289,440; the average  
income of the per capita net income  
was \$223.87; and the per  
capita income tax \$10.14. For Mis-  
souri, the corresponding figures were  
as follows: Percentage of population  
filing returns, 4.76; average net in-  
come per return, \$337,937; average  
income of the per capita net income  
was \$223.87; and the per  
capita income tax \$10.14.

The highest per capita tax was  
collected from New York—  
\$14.43.

Corporation Returns.  
Filed in the same exhaustive  
form by the Internal Revenue Bureau  
are statistics of corporation in-  
come for the calendar year 1920.  
There were 346,595, as com-  
pared with 239,191 in 1919. In  
1920, 203,333 of the corporations  
reported net income amounting to  
\$1,018,644,813, as compared with  
\$1,018,644,813 in 1919. The net  
income reported, \$1,018,644,813,  
as compared with \$1,018,644,813  
in 1919.

The number of Missouri corpora-  
tion returns for 1920 was 1,542, as  
compared with 1,542 in 1919. The  
net income reported declined  
from \$1,018,644,813 to \$1,018,644,813.  
The tax yield fell from \$79,928,240  
to \$79,928,240.

Total of personal and corpora-  
tion income taxes collected from  
Missouri in the calendar year 1920  
was \$1,253,273, or 2.59 per cent of

the total of \$2,700,288,329 for the  
whole country.

Data compiled from the capital  
stock tax returns for 1922 are con-  
sidered in the report. In this com-  
pilation, the fair value is reported  
for the year July 1, 1922, to June  
30, 1921.

Out of approximately 345,000 capital  
stock tax returns, 326,100 were  
tabulated, showing a fair value  
of \$75,406,825,174. Of this ag-  
gregate fair value, the manufacturing  
group reports approximately  
\$80,500,000,000, or 40 per cent. Next  
in order are finance, banking, insur-  
ance, etc., with \$12,700,000,000, or  
18 per cent; transportation and other  
public utilities representing \$11-  
400,000,000, or 15 per cent; mining  
and quarrying, \$6,700,000,000, or  
9 per cent. The agricultural group  
reports only \$1,000,000,000, or 1.3-  
per cent.

The report exhibits the relative  
position of the various industrial di-  
visions with respect to the par value  
and the fair value of their capital  
stock. Leading in this respect is the  
life insurance group with a ratio of  
273 fair value to 100 par value. This  
is immediately followed by the  
group of steam, fire and marine  
insurance companies reporting 272  
to 100. The "all other insurance"  
group shows 238 to 100. (For the  
insurance groups, however, a dis-  
count is made for the value of the  
value to the par value of the stock is  
shown, due to mutual or nonstock  
organizations having been included  
in the tabulation). The next in or-  
der are the trust companies, with  
233 to 100, followed by national  
banks, 209 to 100, and State banks,  
155 to 100. Lowest in order are the  
electric railway group with a ratio  
of 31.75 fair value to each 100  
par value of capital stock.

In considering the facts on the  
relationship of the fair value to the  
par value of capital stock, the ab-  
normal financial conditions of the  
period July 1, 1920, to June 30, 1921,  
should be kept in mind.

Sixty-seven of the corporations  
that filed returns had a fair value  
of more than \$50,000,000 each.

In Missouri, 12,717 capital stock  
tax returns were filed, showing com-  
pensation stock of \$1,763,679,352 and pre-  
ferred stock of \$515,463,982, a total  
par value of \$2,279,143,334. The fair  
value of this stock is placed by the  
report at \$2,314,754,279 and the tax-  
able fair value at \$2,144,569,517, on  
which the tax amounted to \$2,144-  
569.

Resident Decedents' Returns.  
The report shows that there were  
filed 42,230 returns of resident de-  
cedents from Sept. 9, 1916, to Jan. 15,  
1922. The total net taxable estates  
shown on these returns amounted to  
\$5,407,673,931, on which the tax was  
\$251,138,223. Twenty-three estate  
tax returns showed a net estate in  
excess of \$10,000,000 each. The num-  
ber of estate tax returns of nonresi-  
dent decedents filed was 2896. The  
total of the net estates was \$101,848-  
712 and the tax was \$5,277,928. One  
return showed a net estate of more  
than \$10,000,000.

BORAH SPEAKS FOR RELEASE  
OF WAR SEDITION PRISONERS

Idaho Senator in First of Series of  
Meetings Also Advocates Recon-  
ciliation of Russia and Soviet.

CHICAGO, Oct. 2.—Release of all  
war-time law violators and recon-  
ciliation of the Russian soviet gov-  
ernment were advocated by Senator  
William E. Borah of Idaho, yester-  
day in the first of a series of meetings to  
be held throughout the country in be-  
half of these two aims. Senator  
Borah devoted much time to a dis-  
cussion of free speech and read a  
Supreme Court decision handed down  
at the close of the Civil War defin-  
ing speech rights. He said the "po-  
litical prisoners" were convicted be-  
cause of their activities in industry  
rather than sedition. Incidentally  
he assailed the injunction recently  
obtained by the Government against  
the striking railway shop crafts.

A resolution was adopted which  
said in part: "We demand that the  
President Warren C. Harding imme-  
diately release all political prison-  
ers."

## DRYS PLAN TO BOYCOTT ISSUE

Illinois Prohibition Advocates Called  
on Not to Vote on It.

CHICAGO, Oct. 2.—The Anti-Sal-  
oon League will call on all favoring  
prohibition to refrain from partici-  
pating in the vote on light wines and  
beers at the election this fall, F.  
Scott McBride, superintendent of the  
Illinois State Anti-Saloon League an-  
nounced last night.

Oct. 2.—Wayne  
B. Wheeler, national counsel for the  
Anti-Saloon League, passed through  
here last night en route to Columbia  
to take charge of the dry battle  
against the proposed beer and light  
wine amendment to the State Consti-  
tution to be voted on this fall.  
Wheeler said: "Looks like Ohio is  
going to vote on seceding from the  
Union."

FORMER COMMANDER  
OF THE OREGON DIES

Admiral Charles E. Clark Was  
in Charge of Vessel on Famous  
Voyage of 1898.

By the Associated Press.

LONG BEACH, Cal., Oct. 2.—Rear  
Admiral Charles E. Clark, who, when  
a captain, commanded the battle-  
ship Oregon on its famous voyage  
from San Francisco to Key West and  
later in the Battle of Santiago, July  
3, 1898, in the Spanish-American  
War, died at the home of his daugh-  
ter, here late yesterday. He was 79  
years old.

Admiral Clark, who retired from  
active service in 1905 and later came  
from Washington, D. C., to reside  
with his daughter, Mrs. Charles F.  
Hughes, wife of the present commis-  
sioner of the Pacific fleet, had been in  
apparently excellent health up to 10  
days ago, when he suffered an at-  
tack of heart trouble.

Beside his wife and his daugh-  
ter, Mrs. Hughes, Admiral Clark is  
survived by another daughter, Mrs.  
S. S. Robinson, wife of Rear Admiral  
Robinson, Naval Governor of the  
Republic of Santo Domingo, and a  
granddaughter, the daughter of Ad-  
miral and Mrs. Hughes. Mrs. Mary  
Louise Nimitz, wife of Lieut. Otto  
Nimitz, on duty aboard the battle-  
ship Wyoming, with the Atlantic fleet,  
was a granddaughter of the admiral.

Remarkable Voyage Was in Opening  
Days of Spanish-American War.  
It was Rear Admiral Charles E.  
Clark who guided the battleship Ore-  
gon in its race against time on a  
voyage equal to half way around the  
world without a single serious mis-  
hap to men or machinery.

The remarkable race occurred  
during the opening days of the Span-  
ish-American War in 1898. Clark, then  
a captain, was 44 years old. He  
sailed from San Francisco on March  
19. Between him and his destination  
was the continent of South  
America, the gales and turbulent wa-  
ters of the Straits of Magellan, where  
a Spanish torpedo boat lurked along,  
and a fleet of formidable Spanish  
warships cruising in the Caribbean  
Sea.

On the afternoon of the sixty-  
seventh day of sailing the Oregon  
steamed into Jupiter Inlet on the  
coast of Florida, unharmed and  
ready for battle.

It is the world's record which  
probably will never be equaled—it  
probably will never again be at-  
tempted. The Panama Canal removes  
the necessity. A modern battleship  
could be transferred from San Francisco  
to the Florida coast in time of war  
through the canal in less than 20  
days.

Anecdote of Clark.  
An interesting anecdote is told of  
how Clark came to be placed in  
command of that difficult and dan-  
gerous voyage.

"Has he the stick-to-it-iveness to  
take him clear through?" asked a  
naval authority of one of Clark's  
friends who was urging his appoint-  
ment to the command of the Oregon.  
"Did you ever see him play chess?"  
the friend replied.

"What has that to do with the  
case?"

"Everything," was the answer.  
"Strategy as learned on the chess  
board is not a bad training as a pre-

Greek Refugees Huddle  
About U. S. Consulate in  
Smyrna; Hungry and Sick

Crowd Rushes Like Mad When Gates to  
Ships Open, Only to Be Beaten and  
Whipped by Turk Soldiers.

By CLARE SHERIDAN.

A Special Correspondent of the New  
York World and Post-Dispatch.  
Copyright, 1922, by the Press and Publi-  
cations Co., Inc., New York World  
and Post-Dispatch.

SMYRNA (via Athens), Sept. 30.—  
The plight of the refugees here can-  
not be exaggerated.

For three weeks men, women and  
children have lived on the  
sidewalks, huddled up in herds, cov-  
ering together as near as possible to  
the United States consulate, hoping  
for protection against nightly robb-  
ing by Turkish patrols.

When a refugee ship comes along-  
side the pier the gates are opened  
and there is a stampede. Those who  
fall are trampled. Turkish soldiers,  
with whips and the butt ends of  
rifles, beat back the men and  
threaten the women. They fire their  
rifles over the heads of the crowd,  
trying to arrest the mad rush.

Families get separated and some  
parents nearly go crazy. Men of  
military age are kept back as pri-  
soners of war. Husbands and broth-  
ers say good-bye to their women folk  
—perhaps never to be seen again.  
A woman in the crowd goes raving  
mad. A man who has just been ar-  
rested cuts his throat. Dying, he  
drags himself to the water's edge—  
and plunges in to drown.

There are bodies of men and an-  
imals in the water.

Water Causes Stampede.  
All day, under the hot sun, people  
stand there with their children and  
their bundles. The sight of a bucket  
of water causes a stampede.  
The crowd is like a human drift-  
ing stream, full of eddies and back-  
water. Those who have been carried  
by the current toward the gate make  
a rush to get through.

After they have fought, being  
whipped, trampled on and systemat-  
ically robbed at each barrier as they  
pass through, these remnants of hu-  
manity arrive at the ship's side hys-  
terical and near collapse.

It is necessary to take their babies  
and help them to get the gangway. If  
they have handled babies until my arms  
have ached—dirty, underfed babies  
covered with scurvy.

There are cases of childbirth on  
the quay as the crippled, the blind  
limbless to naval tactics," and he  
continued to outline Clark's charac-  
teristic determination, which was no-  
ticeable even while playing chess.  
After the appointment was won.

Rear Admiral Clark was born in  
Vermont in 1842. At the age of 20  
he had been ordered to the West  
Gulf Blockading Squadron in the  
Civil War, before he had finished his  
second year at Annapolis. A year  
later he was following Farragut over  
the torpedo beds and past the forts  
in the battle of Mobile Bay.

Naval Career Was Varied.  
Clark's naval career was varied.  
He was shipwrecked off the coast of  
Brazil in 1868. He was in the  
Smyrna founded, and through the

and the very aged are fighting to get  
away.

A young boy, overburdened and  
weak, slips down the gangway and  
is drowned between the ship's side  
and the quay.

On deck a frenzied woman beats  
her breast and screams. It was her  
child. But there is no time for sym-  
pathy. Others are crowding on. She  
is lost in the midst.

A Turkish soldier looks on, shrugs  
his shoulders. Greeks, he says,  
burned Turkish women and children  
in villages in the hills, and in 1919  
massacred 4500 Moslems in Smyrna.

I have seen a Turkish soldier  
throw himself upon a fallen child to  
protect it with his body from being  
trampled to death at the gate. He  
will stone a man to death in the  
water, but will take pity on a small  
Greek child.

## Murderous and Tender Acts.

I have watched Turkish soldiers  
do some murderous thing one mo-  
ment and a tender act the next.

From aboard ship on the bay at  
nightfall searchlights can be seen  
playing on the water near the pier,  
revealing board swimmers from shore  
—men of military age—trying to es-  
cape to a refugee ship. Turks stand-  
ing on the pier, according to British  
and American naval officers, start  
firing at the swimmers. They miss  
them and then get closer and closer  
with every shot. It is a horrible  
drama, which finally is stopped by  
an American naval captain. He of-  
fers to send a launch to pick up the  
swimmers, stipulating that he will  
return them to the quay, whence  
they had started, as being a neutral  
he cannot hand them over to the  
Turks.

For days before the British cruis-  
ers arrived the Americans handled  
the refugee problem against great  
odds, with a minimum of supplies, a  
minimum of help and the best  
improvised organization.

With their tact and indefatigable  
energy they have gained the confi-  
dence and the respect of Greeks and  
Turks alike. Today the Stars and  
Stripes which flies from the United  
States consulate is the largest flag  
in Smyrna. America is regarded as  
the most generous, most disinter-  
ested and most humane country in the  
world.

loss of his superior officers became  
commander of the 33 survivors. He  
organized them into a defensive party  
to hold off 400 hostile Indians until  
relief arrived. He watched the  
Spaniards, whom he was later to en-  
gage in battle, bombard Valparaiso  
and Callao; he served on the Pacific  
West Indies and Asiatic stations; was  
attached to the Brooklyn, Min-  
nesota and Portsmouth navy yards  
and instructed a class at Annapolis.  
He spent three years in surveying the  
North Pacific coast and four years  
in inspecting lighthouses.

He, on board the Oregon, helped  
to destroy the Spanish fleet at San-  
tiago, and was advanced six numbers  
in rank for his distinguished serv-

WELL-DRESSED GERMANS ATTEND  
HIGH-COST-OF-LIVING PROTEST

"Ragged, Hungry Mass" Not in Evi-  
dence at Berlin Meeting of  
New Communists.

BERLIN, Oct. 2.—The commun-  
ist yesterday made a demonstra-  
tion on Wittenberg platz to protest  
against the high cost of living. They  
got no response from ragged, hungry  
masses, but were listened to by  
clean, decently dressed workers,  
some of whom were smoking cigars,  
and others who rode there on bicy-  
cles. It was a good-humored  
meeting. Police were massed in the  
Thiergarten.

The crowd refused to take inter-  
est even when told that the Social-  
ist parties recently united were sold  
out to Hugo Sierme. They got the  
wrong crowd, for misery is hitting  
the middle classes, who do not meet  
contribute.

It was said recently, in the Prus-  
sian Landtag, that there are 3,000-  
600 farm laborers' families who see  
before them a hard winter because  
of the Government policy of forcing  
farmers to sell their product to in-  
dustrial centers far below the mar-  
ket price.

Berlin faces the winter with a  
coal shortage but will keep open the  
schools which it was feared would  
be closed for a month. What misery  
exists is hidden. High cost of liv-  
ing riots in industrial regions have  
ceased in the last fortnight.

'SHAKEDOWN' OF OFFICE HOLDERS  
FOR G. O. P. CAMPAIGN PLANNED

Republicans to Follow Democratic  
Practice They Have Termed  
Oppressive.

By the Associated Press.  
CHICAGO, Oct. 2.—A com-  
mittee comprising Chairman Roy  
Monroe of the State Tax Commission,  
Arch T. Hollenbeck, director of Pen-  
sion Institutions, and State Treasurer  
J. D. Thompson, today will begin  
"shaking down" members and em-  
ployees of the Republican State ad-  
ministration for the benefit of the  
Republican campaign.

In this the Republicans are following in  
the steps of their Democratic predeces-  
sors. Republican campaign orators,  
however, for years have denounced  
the practice as oppressive.

The percentage upon which pay-  
ments will have to be made will be  
1 per cent for those whose salaries  
are below \$5000 and 2 per cent for  
those who receive higher pay.

## SAYS U. S. WON WAR FOR ALLIES

By the Associated Press.  
CHICAGO, Oct. 2.—Declaring  
that the United States had won the  
war for England and the allies, Sir  
Charles Wakefield, former Lord  
Mayor of London, addressed a meet-  
ing of the Sunday Evening Club last  
night.

"You arrived just in time with  
your 2,500,000 men," he declared.  
"The greatest achievement of the  
war which history will record is the  
fact that Gen. Pershing transported  
2,500,000 men to Europe."

At the age of 59 he again was  
advanced in rank seven numbers and  
promoted to Rear Admiral.

Admiral Clark rounded out his ca-  
reer as commander of the League  
Island navy yard; as governor for  
three years of the Naval Home at  
Philadelphia, and as president of the  
Naval Examining and Retiring  
Board. He was retired from the ac-  
tive service in 1908, on his sixty-second  
birthday.

NEW SUPREME COURT CASES  
CANNOT BE REACHED FOR  
ARGUMENT IN TWO YEARS

Tribunal Convening for Fall Term Faces Docket  
of 650 Legal Actions—New Justice Is  
Sworn In.

By the Associated Press.

WASHINGTON, Oct. 2.—The Su-  
preme Court of the United States re-  
convened today for the regular fall  
term, with a crowded docket. When  
the court adjourned last June it had  
pending 437 cases, and during the  
recess the number was increased to  
650. None of the new cases, unless  
advanced, will be reached for argu-  
ment for two years.

Chief Justice Taft administered the  
judicial oath to former Senator  
George Sutherland of Utah, as the  
successor of John H. Clarke of Ohio,  
who resigned during the recess. Jus-  
tice Sutherland was conducted to the  
seat on the extreme left of the Chief  
Justice. The other chair, assigned to  
Associate Justice Pitney, will not, ac-  
cording to information reaching Jus-  
tice Sutherland, be occupied by him in the  
near future, because of illness.

Following the induction into office  
of the new Assistant Justice, the  
Court admitted to practice a number  
of attorneys and then adjourned for  
the day to proceed to the White  
House to pay a visit of respect to the  
President.

## West Virginia Gas Case.

No decisions will be rendered or  
orders issued by the court during  
the first week upon any cases held  
under advisement or on motions for  
rehearings submitted during the re-  
cess. Early in the new term, how-  
ever, the opinion of the court may  
be expected in five cases argued at  
the last term. These included origi-  
nal cases brought separately by the  
states of Ohio and Pennsylvania to  
prevent West Virginia from restrict-  
ing the exportation of natural gas,  
and by Oklahoma for the location of  
the Texas boundary. In the latter  
case the court has been settled by  
opinions of the court, except that  
way Co. against Nye Schneider-Fau-  
ler Co., involving the constitutional-  
ity of the Nebraska statute fixing the  
order of responsibility of railroads  
for damages suffered by shippers.

On the ground that the enforce-  
ment of state penalties in addition to  
those provided in the Volstead act  
One from Florida would question the  
constitutionality of the Volstead act  
on the ground that it was enacted  
prior to the adoption of the consti-  
tutional amendment, and would  
assert that "possession" of intoxicat-  
ing liquor is not in violation of the law.  
Whether the public of shippers  
news dealers who are brought be-  
fore the court, or whether the whole  
sale distributors, exclusively to con-  
fine their wholesale activities to the  
publications, whether the Smith Cold  
storage and Volstead act, whether  
of Ohio are constitutional; whether  
Iowa and Ohio can restrict teaching  
of German in their schools, and  
whether retail chain stores in Ne-  
braska may purchase direct from  
manufacturers or only through  
wholesalers are some of the more  
important cases on miscellaneous  
subjects pending before the court.  
Patent infringement cases, which  
subjects contribute their usual quota  
to the court's business.

First Case to Be Argued.  
Oral arguments are not expected to  
begin until Tuesday, but eight  
cases will be disposed of during the  
remainder of the week should each  
take all the time allowed by the  
rules. The first case to be called for  
argument will be brought by  
William W. Knights to test the con-  
stitutionality of the income tax law  
of Massachusetts, which was ad-  
vanced by order of the court last  
term. It will share a day with five  
cases, also advanced, brought by the  
Consul General of Portugal to test  
the immunity of steamships claimed  
to be owned by the Government from  
legal prosecution, on the ground that  
such claims must be settled through  
diplomatic channels.

The first case on the regular  
docket is that of Tokio Marine In-  
surance Co. of Japan, which was  
brought from Honolulu to have de-  
termined by the highest court whether  
Japanese are "free white persons"  
eligible for naturalization. Last year  
Japan reached for argument during  
the limitation of argument confer-  
ence it was passed at the request of  
the Government, and notice has not  
been given whether a similar motion  
will again be made what it is called.  
It is considered that six cases, a  
number of which are pending to test  
the constitutionality of the Illinois  
statute under which indeterminate  
sentences are imposed in criminal  
cases, will be reached during the first  
week. These have twice been  
passed, and it is considered probable  
by court officers that when again  
called the court will be asked to dis-  
miss them. The other cases which  
will be argued during the first week  
are considered of minor importance.

A number of disputes between  
baseball clubs have been brought  
before the court. The court has been  
asked to grant injunctions in some  
of those disposed of at the last term,  
including the Southern Pacific, which  
the court ordered to divest itself of  
ownership of the Chicago and North  
Central Pacific, and the Colorado Col-  
lege, in which reconsideration has  
been asked on the question of the  
validity of certain unions of the  
United Mine Workers of America  
and individuals for trouble during  
the destruction of property on the  
ground that it was incident to a  
conspiracy, to restrain interstate  
commerce.

Raschall, Sept. Rehearings Sought.  
The court also has been asked to  
grant rehearings in the case brought  
by the Baltimore club of defunct  
Federal Baseball League against  
baseball clubs, also asked a mod-  
est national agreement in which the  
court held that professional baseball  
as played in the major leagues does  
not constitute interstate commerce;  
in several cases against the Em-  
ergency Fleet Corporation, fixing its  
stability and status as a Federal  
agency, and in the Laramie River  
case, in which priority of appropri-  
ation was applied as a basis for  
rights in interstate streams in arid  
regions. Persons not heretofore  
identified with the United Shoe Ma-  
chine Co., in behalf of the  
consumers public, also asked a mod-  
est national agreement in which the  
court held that professional baseball  
as played in the major leagues does  
not constitute interstate commerce;  
in several cases against the Em-  
ergency Fleet Corporation, fixing its  
stability and status as a Federal  
agency, and in the Laramie River  
case, in which priority of appropri-  
ation was applied as a basis for  
rights in interstate streams in arid  
regions. Persons not heretofore  
identified with the United Shoe Ma-  
chine Co., in behalf of the  
consumers public, also asked a mod-  
est national agreement in which the

Founded by JOSEPH PULTZER

Dec. 12, 1878.

Published by The Pultzer Publishing

Company, Twelfth and Olive Streets.

## THE POST-DISPATCH PLAT-

## FORM.

I know that my retirement will make no difference in its cardinal principles, that it will always fight for progress and reform, never tolerate injustice or corruption, always fight demagogues of all parties, never belong to any party, always oppose privileged classes and public plunderers, never lack sympathy with the poor, always remain devoted to the public welfare, never be satisfied with merely printing news, always be drastically independent; never be afraid to attack wrong, whether by predatory plutocracy or predatory poverty.

JOSEPH PULTZER.

April 10, 1907.

## LETTERS FROM THE PEOPLE

The name and address of the author must accompany every contribution, but on request will not be published. Letters not exceeding 200 words will receive preference.

## Read for State Rights and President.

To the Editor of the Post-Dispatch.

YOU recently published an article by your Washington correspondent, lamenting the Democratic party's lack of a constructive program. Similarly, you have repeatedly lamented the fact that Senator Reed advocates no constructive policy.

It seems to me that the Post-Dispatch could aid materially in inducing Senator Reed and his party to take a positive stand upon an issue that appears to you to be of considerable importance. You have for some time been battling against these forces that are changing our Government from a Federalized republic of locally self-governed states to a centralized bureaucratic empire. I presume that the Post-Dispatch realizes that Senator Reed has always taken the same attitude upon this issue as itself; that he is, in fact, almost the only man now in public life whose record is one of consistent devotion to American as opposed to Prussian principles of government. The task for the Post-Dispatch and all others who do not like the present negative attitude of Senator Reed and his party is, therefore, to induce him to take a positive attitude upon the issue of state rights and federal usurpation.

I know how hard it often is to induce Senator Reed to do anything, but I believe you will have no difficulty in this instance, because it is obviously to his advantage to be induced. The Democratic party, with a presidential election only two years away, is looking for an issue and a candidate who can win it, and this is the Senator's opportunity. I picked up a recent issue of the evening edition of one of the most important Democratic papers in the country—the Baltimore Sun—and find upon the front page a long article by its Washington correspondent entitled "Victory of Senator Reed in Centering Attention of Politicians Upon Him. If He Wins in November He Will Promote Up an Strong Presidential Possibility—In Fine Position for New-Issue Campaign." I quote two pertinent paragraphs:

"The cry in the Democratic minority today is for a real party cry. It is in fact, for a battle in behalf of state's rights."

"Look over the Democratic ranks and see how many in Congress can offer themselves as champion of any state's rights issue."

"Few there are on the Democratic side who can point to a record which has not favored here or there some of the recent Federalistic drafts of the treasury. Reed is about the only outstanding fighter in the Senate who is free from taint on that score. He was against prohibition, against the maternity bill, the decided Federalistic tendencies of road legislation, the educational bill and all the war legislation out of which peace-time Federalism grew."

This is not an isolated instance. For more thoughtful Democrats of the country are considering Reed, not as an obedient servant in the manner of Cox, but as a genuine leader capable of rejuvenating their party by endowing it with some of the vitality it possessed in the days of its great founder.

SAMUEL W. TAIT JR.

## Abate the Smoke Nuisance.

To the Editor of the Post-Dispatch.

HIS letter is good for a 100-subscription towards any method that will reduce some of the smoke in our very smoky city. Let us get busy.

DR. S. W. HAUCK.

## Every Suit \$7.50 Higher.

To the Editor of the Post-Dispatch.

AS I SAT in a tailor's saleroom the other day picking out goods for a new suit, the tariff became more than an academic subject with me. The salesman, of whose politics I know nothing, declared flatly and officially that every suit priced under the conditions of the new tariff would be \$7.50 higher than the same grade in present stocks, and that wool suits are now higher than a year ago because of the emergency tariff.

Furthermore, he threw a little more light on the "pauper labor of Europe." He said woolen mill operatives in Scotland and Scotland were getting 11 cents an hour for the same work that brought but 32 cents in normal times. I asked him where he sourced his information and he said from the woolen houses that supply the tailor trade. How long are the American consumers of this country going to vote money out of their own pockets into the pockets of profiteers and grafters?

THOMAS F. ENRIGHT.

## A Suggestion for the Invalid.

To the Editor of the Post-Dispatch.

THE beautifully written letter from "Tone" struck a tender chord in me, for two years I have suffered a painful imprisonment of like nature.

So I hand this suggestion, hoping it may be of help: I know a "shut-in" living in a Western city, that is earning more than a living by selling peaches. She buys them by the sack and finds a ready market at bi-grade candy stores as they like the hand-shelled product. She found it pleasant, interesting work and so she it seems fitting for a man.

INTERESTED.

## BR'ER FOX AND BR'ER RABBIT.

So far as words go on the question of prohibition, Br'er Fox Reed and Br'er Rabbit Brewster are running in the same path. Senator Reed says he opposed the eighteenth amendment because he thought the states instead of the Federal Government should deal with the subject. He will, however, vote for legislation to enforce the amendment, but wants the Volstead act modified in conformity with the fourth amendment guaranteeing individual rights and freedom from unwarranted search and seizure. He thinks Congress exceeded the limit in fixing one-half of one per cent as the alcoholic content. Whatever the alcoholic content, the legalized beverage must be non-intoxicating. The spirit and letter of the eighteenth amendment must be observed.

Mr. Brewster says he is against any legislation which will violate the intent of the eighteenth amendment. Any beverage legalized by Congress must be nonintoxicating. He opposes legislation for the enforcement of prohibition which is violative of any other part of the Constitution.

It's twinedum and twinedee. Neither Senator Reed nor Mr. Brewster has answered the question of the Post-Dispatch. Neither has said definitely whether he is for or against the repeal of the eighteenth amendment, nor whether he is for or against the legalizing of beer and wine of any alcoholic content. In the absence of a record on the subject we are justified in assuming from Brewster's previous attitude and his unqualified pledge to enforce prohibition in the full intent of the eighteenth amendment that he means what he says.

Senator Reed has a record of opposition to prohibitory laws, and we presume he expects his record and general attitude, with the opposition of the Anti-Saloon League, to hold the wet voters while his carefully tempered words mollify the opposition of the drys. He is carrying water on one shoulder and beer on the other.

We commend unqualifiedly one point in Mr. Brewster's opening speech. His vigorous and courageous protest against the attitude of some labor leaders who condone violence and crime in connection with strikes and his demand for the rigid enforcement of laws against all crimes, no matter by whom or in what cause committed, is sound doctrine. It is idle to talk of guarantees of rights with regard to searches and seizures if the safeguards of life, liberty and property are broken down and if political power can protect criminals from the penalties of lawlessness and crime. If life and property can be destroyed and liberty curtailed with impunity, and if law and order are not rigidly enforced, the Constitution is a mockery. Our vaunt of free constitutional government is as sounding brass and tinkling cymbal.

## POLITICS AND FUGITIVISM.

The action of the French Boxing Commission in reversing the decision of the Carpenter-Ski fight will provoke decision throughout the entire sporting world. The reports showed it to have been a one-sided contest. Not only did the colored pugilist prove his superiority, but Carpenter, besides losing his title, further smudged his reputation as a fighter by resorting to tactics which probably would have disqualified him in an American ring. The real sportsmanship of the occasion was found in the deportment of the crowd that refused to accept a tainted draw decision.

So the Boxing Commission's effort to reinstate the beaten Carpenter in his former position seems a futile, ridiculous piece of "welching." There is more involved in the affair, however, than a pugilistic rating. Political influence, presumably, has been brought to bear on the commission. Anyhow, such surmise is warranted. Among the problems imposed on France by the World War is the colonial question, which has engaged the serious attention of French publicists as well as statesmen. Before the war, it has been pointed out, the colored natives of France's African colonies accepted the white man's superiority as a part of their creed. But in the exigency of war the colored colonial troops were brought in great numbers to France, where they fought on equal terms of danger and valor with their white comrades. Their equality was acknowledged. Some of the black warriors won prized decorations for their individual feats of daring and initiative. Among such was "Battling Siki," the Senegalese, whose war record is quite as brilliant as that of the idolized Carpenter whom he has so soundly thrashed.

All this has had a disturbing effect in the colonies. The black troops have gone back home with a new message. They have tasted equality. They have proved themselves in the final test. They are

preaching a mischievous doctrine that is incompatible with the pre-war regime. They have gotten rid of their inferiority complex. And the victory of Siki over the French superman is another demonstration that may aggravate an already uneasy psychological condition.

The Boxing Commission's decision, therefore, may be a political rather than a pugilistic ruling. Carpenter must be champion, if not by fighting then by fiat. His supremacy is a symbol which must be maintained in the interest of colonial tranquility and security. Is this preposterous? Politics often is preposterous.

## THE EASTERN ARMISTICE.

In suspending military operations, as required by the allied joint note, and agreeing to an armistice, Mustapha Kemal has composed the ugly situation in the East. The war clouds have diminished in the skies. It is, to be noted, too, that Kemal professes confidence in the intentions of the allies to deal justly with Turkey. To be sure, the Turkish note bristles a bit at the Turkish Thrace. There is an intimation of Turkey's willingness to fight for her rights if diplomacy does not meet Turkish expectation, but there is nothing disturbing in that threat. British vigor and courage have won the war point.

The thing necessary to avoid a general war has been accomplished. The armistice now puts it up to the wisdom and fairness of the Chancellors to effect an understanding by reason instead of by arms. The task, admittedly, will not be easy. It may be assumed, though, that the European Powers that have been responsible for the Greek folly and Turkish aggression in Asia Minor are now fully aware of the dangerous game they were playing. They have had their lesson. In the Mudania conference unpalatable concessions will doubtless have to be made by France, Italy and Great Britain, but that is the penalty of their own willful selfishness.

The whole experience will be well worth while if it impresses upon the European Governments the fact that the devious diplomacy of other days cannot be practiced at the risk of precipitating another general war.

That is the important moral that has come out of the East.

## CHICAGO'S RACE PROBLEM REPORT.

Chicago's race riot of three years ago has led to the study by a public commission of a problem of wide and increasing importance in American cities. The Commission on Racial Relations, appointed by the then Gov. Lowden, has just made public its report. Excerpts of the recommendations are contained in the news dispatches. The fact that the section known as the North has discovered the race problem in itself interesting and significant. Chicago's problem, of course, is not that of such states as Alabama and Mississippi. Yet the principles of cause and remedy are not dissimilar.

The commission's recommendations may be divided into two classes: First, measures of force and police precaution to make rioting more difficult and probable, assuming there is a will to riot, and to check rioting once it has started; and second, measures of justice and social amelioration to reduce race hatred and prevent the will to riot. The former measures will not be necessary if the latter are successful. It is with the latter that we are concerned.

Negroes, it is found, are victims of discrimination by police and courts. Such discrimination, it is argued, weakens the machinery of justice and produces misleading statistics of negro crime. It is recommended that the authorities exercise their powers to condemn and raise all homes unfit for human habitation and enforce sanitary regulations and give care to the removal of rubbish and the upkeep of streets and alleys in the negro residence sections. "There must be more and better housing," says the report, "to accommodate the great increase in negro population."

It is recommended further that in the negro residence areas school facilities and teaching forces should be "at least equal to the average standard for the city," that night schools and community centers be established and truancy regulations enforced.

The recommendations on housing and cleanliness of the negro residence sections and on educational facilities strike home with full force and application to St. Louis. The spirit between the races in St. Louis, on the whole, is friendly and tolerant. Justice and fair opportunity for the negro not only are his due, but to provide them is to build for the peace and happiness of the future of both races. The mixing of the races need not be an issue if both races are given equal opportunity for self-improvement and economic and social independence.

## "GO HOME!"

(From the Louisville Courier-Journal.)

IN A 'ELL OF A 'OLE AGAIN.

## JUST A MINUTE

Written for the POST-DISPATCH  
By Clark McDada

The barge line on the lower river has been operating for several years, but the upper river is still waiting for the river revival. We are reminded of this by an editorial in one of the upper river papers. Someone sends us this as if looking for our faith that the river will come back. That is the last, nothing beyond, uncashed; something from nothing—which logic abhors as nature does a vacuum. Does this Ultimate Cause have any attributes? What are they? If it has no attributes, properties, qualities, characteristics, it can't be different from nothing itself. If it has attributes they must be active; this implies change—different states endlessly succeeding each other—which is the very thing I asserted of the universe. The universe always was—never had a cause.

Your illustration of a train of cars pushed by a locomotive (the Ultimate Cause) is very good. But, tell me, please, what makes that locomotive move? Do you mean to say that it never was made, that it just all at once happened, steam up, ready to push or pull the trains of cause and effect?

As I said to Schenck: Sit down calmly and try to think that something comes from nothing—it won't come! The laws of your thinking forbid it.

I suspect that you conceive your Ultimate Cause to be a power outside the universe and moving it as a locomotive moves the cars. My notion is that all power is inside the universe, immanent as an inseparable part of it—just as an electric car moves itself. It doesn't need a locomotive.

Whether "Ex nihilo nihil fit" is a gaudy ornament or not, I challenge you to deny the truth of it.

We are afraid the Kaiser's story is going to turn out like his war in that he is going to be sorry he ever began it.

PLINTHOURGOS.

Senator Borah wants Russia recognized, but he has not yet succeeded in getting himself recognized by the chair.

"What do you think makes a happy woman?"

"The happiest one I know has got rid of her husband and has his money to spend."

There is no doubt about it, the old red snare war is off his game. He has of late been regularly hitting his ball into the Dardanelles, a hazard which he formerly carried with his masnie.

Humble Beginnings.

Two financiers who were partners discovered that an office boy in their employ had been tampering with the petty cash.

One of them was so much enraged that he desired to send for the police, but the other was a calm and just man. He took a more moderate and humane view of the situation.

"No, no," he said; "let us always remember that we began in a small way ourselves."

—Tit-Bits (London).

## THE ULTIMATE LOCOMOTIVE.

Welcome, Pro Veritate! Are you a brother of Pro Bono Publico?

Thank you for elevating my modest beginning with a small bit to the dignity of Ultimate Cause with capitals. Very well. Ultimate—that is, the last, nothing beyond, uncashed; something from nothing—which logic abhors as nature does a vacuum. Does this Ultimate Cause have any attributes? What are they? If it has no attributes, properties, qualities, characteristics, it can't be different from nothing itself. If it has attributes they must be active; this implies change—different states endlessly succeeding each other—which is the very thing I asserted of the universe. The universe always was—never had a cause.

Your illustration of a train of cars pushed by a locomotive (the Ultimate Cause) is very good. But, tell me, please, what makes that locomotive move? Do you mean to say that it never was made, that it just all at once happened, steam up, ready to push or pull the trains of cause and effect?

As I said to Schenck: Sit down calmly and try to think that something comes from nothing—it won't come! The laws of your thinking forbid it.

I suspect that you conceive your Ultimate Cause to be a power outside the universe and moving it as a locomotive moves the cars. My notion is that all power is inside the universe, immanent as an inseparable part of it—just as an electric car moves itself. It doesn't need a locomotive.

## NEW PASTOR IS NAMED FOR SCRUGGS MEMORIAL

The Rev. R. C. George Will Take  
Place Formerly Held by the  
Rev. M. H. Markley.

The Rev. R. C. George, who has  
been pastor of the Methodist Church,  
at Ferguson, was appointed  
pastor of Scruggs Memorial (First)  
Church, Cook and Spring avenues,  
at Bishop McMurtry at yesterday's  
conference of the St. Louis Conference  
of that river.

The pastorate of Scruggs Church  
has been vacant since the withdrawal  
of several weeks ago, of the Rev.  
M. H. Markley, who resigned from  
the ministry of the Southern Meth-  
odist Church because Bishop McMurtry  
did not uphold him in the re-  
moval of the Sunday school super-  
intendent. His differences with the  
superintendent were caused by reviv-  
ing methods used by the pastor,  
which some of the members con-  
sidered to be of the "Holy Roller"  
type.

Other churches of the St. Louis  
district which have new pastors as  
the result of the Bishop's announce-  
ment are:  
Cahoon Church, the Rev. G. E.  
Cameron replaces the Rev. J. M.  
Culbert; Clayton, the Rev. C. J.  
Quillen replaces the Rev. J. N. Broad-  
well; Ferguson, the Rev. Arthur  
Hester replaces the Rev. Mr. Ma-  
chester; Manchester, the Rev. E. C.  
Kirkwood replaces the Rev. J. J.  
Shaw; Shaw avenue, the Rev. J.  
Hester replaces the Rev. W. E.  
Brown; University City, the Rev. W.  
Hester replaces the Rev. J. E.  
Hendy; Vinita Park, the Rev. R. H.  
Culbert replaces the Rev. W. F.  
Sawney; Valley Park, the Rev. L.  
Hester; Wagoner Place, the Rev.  
M. Robinson replaces the Rev. Mr.  
Hester.

Big Plane Averages 90 Miles.  
NEW ORLEANS, Oct. 2.—The ma-  
chine, P-51, which arrived  
here Saturday from Pensacola, Fla.,  
with nine passengers, departed yester-  
day afternoon on the return trip.  
The plane from Pensacola averaged  
nearly an hour.

## AMERICAN HISTORY FOR AMERICAN CHILDREN

How the Norsemen From Greenland, Long Before  
Columbus' Time, Are Said to Have  
Discovered America.

Centuries Ago, Norsemen Left Greenland to Seek New Lands Overseas.

By HENDRIK VAN LOON,  
Author of "The Story of Mankind."

SOME time during the reign of King Svend Estridsen of Denmark (a  
monarch who lived between the years 1047 and 1076), a certain Ger-  
man by the name of Adam from the town of Bremen went to Copenhagen,  
the Danish capital, to gather material for a book on the bishops of his na-  
tive city. There he heard a story which puzzled him greatly. Many hun-  
dreds of years before, so he was told, certain Norsemen from Greenland  
had sailed westward and had discovered a new country which they called  
Vinland or the land of the Vines.

It was no story-book tale. Oh, no, many people had visited this land  
and they had brought home a report of great fertility and they had told  
how it was covered with wild vines (from which an excellent wine could  
be made) and with grain which seemed to sow itself.  
Adam of Bremen took all this faithfully down and in the year 1585  
there was printed what proved to be the first account of the discovery of  
America by the Norsemen. At that time the discovery of Columbus had  
not yet made a deep impression upon the people of Europe. Most of them  
still believed and hoped that the great Genoese navigator had only stumbled  
upon a series of islands which were guarding the short western route to  
the rich countries of China and Japan. And no one was deeply interested  
in the long-forgotten exploits of a few practical Vikings.

But nowadays when we often ask the question, "Why was Columbus  
so certain of finding land at a comparatively short distance from Europe?"  
the early adventures of the pilots from Greenland and Iceland become of  
great importance. We even suspect that Columbus served a long and hard  
apprenticeship as captain of a merchantman and that he visited the North  
of Scotland and an island which he called "further North" which may  
have been either Iceland or the Faroe Islands.

If this be true it follows that he must have heard many yarns about  
the "western lands." And that is the reason why I must tell you in some  
detail how the Greenlanders came to leave their old home and discovered  
the country which is now called Nova Scotia and which is part of the great  
American continent. (To Be Continued Tomorrow.)

Readers who clip and preserve these articles will have a splendid col-  
lection of historical facts. Valuable for reference or for supplementing the  
study of history by children.

## HELLMICH TO IGNORE LEGION IN OUSTER OF DEMOCRAT

M. J. Kane, Internal Revenue Em-  
ployee, to Be Replaced by Albert  
Thomson, Republican.

Collector of Internal Revenue  
Hellmich, Republican, today stated  
that his demand for the immediate  
resignation of Michael J. Kane, Dem-  
ocrat, assistant to the chief field dep-  
uty, whom Hellmich intends to re-  
place with Albert Thomson, Repub-  
lican, defeated candidate for the na-  
tional senatorship in the August primary,  
would stand, notwithstanding a pro-  
test by the American Legion. The  
salary is \$1100 a year.

Collector Hellmich took office Sept.  
1, succeeding George H. Moore, Dem-  
ocrat, and since then has replaced  
four Democrats with Republicans,  
one of his appointees being Walter  
L. Alt, son of Postmaster Alt, as  
cashier.

When Hellmich demanded Kane's  
resignation Kane demanded two  
weeks' notice, which was refused.  
He then appealed to the American  
Legion City Executive Committee,  
which protested to Hellmich that a  
law passed in 1920 provided that ex-  
service men be given preference, all  
other considerations being equal.

Hellmich said Thomson, who is to  
succeed Kane, was a veteran of the  
Spanish-American War, and that he  
would not differentiate between vet-  
erans of the World War and other  
warriors. He said he wanted only men  
in his office who were in harmony  
with his views, and that he expected  
to give Republicans preference.

Kane said he would tender his resig-  
nation to Washington, contingent  
upon two weeks' notice or two weeks'  
pay being given him.

## 22 STATIONS TO BROADCAST FIRE PREVENTION ADDRESS

Wireless Message Will Cover Terri-  
tory Reaching From Arctic  
Circle to Gulf of Mexico.

By the Associated Press.  
CHICAGO, Oct. 2.—Twenty-two  
radio stations throughout the United  
States and Canada, capable of reach-  
ing to the arctic circle and to the  
Gulf of Mexico, have been enlisted  
in the observance of Fire Prevention  
day, Oct. 3, fixed by President Hard-  
ing. It was announced today.

The wireless will broadcast an ad-  
dress by George B. Muldaur, fire  
prevention engineer, and general  
agent of the Underwriters' Labora-  
tories, urging the public duty toward  
fire prevention. This, it was said,  
will be the most comprehensive  
wireless broadcasting ever attempt-  
ed and it was estimated that 10-  
000,000 persons may hear the ad-  
dress.

Convention Visitor Dies in Dallas.  
By the Associated Press.  
HOUSTON, Tex., Oct. 2.—D. E.  
Phelps of Dallas, a representative of  
the H. Kohnstamm Co. of Syracuse,  
N. Y., here for the national laundry-  
men's convention, was found dead in  
his room in a downtown hotel at 8 a.  
m. Death was attributed to natural  
causes.

## MAN, 64, WAYLAIED AND BEATEN

Fred Selbert, Engineer, Attacked by  
Two Men and Seriously Hurt.  
Fred Selbert, 64 years old, of  
4023 Winnebago street, an engineer  
for the American Refrigerator Trans-  
it Co., was seriously injured at 6  
a. m. yesterday when knocked down,  
beaten and kicked by two men who  
waylaid him on Gravois avenue, a  
block from his home. He suffered  
a fracture of the left wrist, fracture  
of the left hand, scalp wounds, a

rupture and internal injuries.  
The assailants escaped. Striking  
railroad shopmen are said by the po-  
lice to be responsible for the attack.

ORDERS  
FILLED.

### THE SUITS

A wonderful assort-  
ment of pure woolen  
worsted, cassimeres,  
serges, chevots and  
Scotchies. Popular  
new Fall patterns,  
including plenty of  
stripes and checks.  
Models and sizes for  
men and young men,  
including knouts and  
extra sizes.

Extra Trousers to match most of these  
suits at \$5 additional if desired.

### THE COATS

Of genuine fine  
weave, all-wool gab-  
ardine in popular tan  
shades. Come with  
full belts and invert-  
ed flat backs. Quar-  
ter lined with fine  
satin, also sleeve lin-  
ings of satin. "Crav-  
enette" proofed; also  
a splendid lot of fine  
quality, all-wool  
whipstouts, in gray or  
green.

### Your Husband—

Perhaps he earns less than some other  
husbands whose wives are your  
friends. That need not trouble you,  
if only you and he plan wisely to-  
gether. Men who once earned small  
salaries are now in positions of  
financial independence and power.

What you deposit in bank and keep  
there earning interest means more  
for the future than what your  
husband earns.

## Browns Defeat White Sox In Final and Close Game One Game Behind Yanks

Robertson's Hit in Ninth Gives Billy Bayne Victory Over Chicago, 2 to 1 — Nearest Approach to a Pennant Since 1908—7500 Persons Attend Last Rites.

By Joseph F. Holland.

	Won.	Lost.	Pct.
New York	94	60	.610
St. Louis	93	61	.604

Figures do not lie. It follows that the little table above is evidence that the Browns missed giving St. Louis its first pennant since 1888 by one full game, or six percentage points.

It is the nearest approach that St. Louis has had to a championship team since 1908—but, inasmuch as a miss is as good as a mile, the New York Yanks, living cheekbook stunts, will oppose the Giants in the world's series which opens at New York Wednesday.

The Browns tapered off the season yesterday just as they began it, with a victory over the Chicago White Sox. The score was 2 to 1 and Gene Robertson's single in the last half of the ninth scored Williams with the run which gave Billy Bayne a well-deserved victory.

The Yanks were repulsed by the Washington Senators, 5 to 1, which reduced their advantage over the Browns to one full game, where it will stand from now on.

### A Gloomy Gathering.

There were 7500 fans out to see the Browns close the season. But the 7500 behaved like witless children to see an execution. They realized the situation was hopeless and helpless and there wasn't a murmur when the scoreboard showed that the Senators had rapped Sen Jones for five runs in the opening inning. There was no chance for a reprieve. The pennant hopes were dead and everyone was there because they were there.

Great plays brought only murmurs of applause in that hushed crowd of dead pennant hopes. When the White Sox turned a triple play in the second inning there was just a ripple for Eddie Collins as he caught Pat Collins' liner, stepped on second, snatching Durst, and roared to Sheehey, catching McManus off first for the third out. The crowd apparently did not want its murmurs disturbed.

It recalled a game earlier in the season with this same Chicago team. It saw Southpaw Dave Danforth enter the ninth inning with a 4-2 lead and it remembered how Danforth wilted and allowed the Sox to tie the score and send the game into extra innings. It recalled how Billy Bayne, a master yesterday, was battered for six runs in the tenth inning and saw the Sox scamper off the field with a 10-5 victory.

### One Out of Many.

That game would have meant a tie with the Yanks. It would have meant that the Browns would open a five-game series with the Yanks tomorrow to determine the championship of the American League. However, it was all futile. That game was gone and so was Dave Danforth. The Yanks were "in," but they had been given the fight of their lives. "Next year," that empty expression of past seasons, now loomed up as a bright and promising hope.

The players showed none of this tendency to weep over lost fortunes. They played the game just as earnestly as they had played 155 games.

### TY COBB TIED THREE MAJOR LEAGUE MARKS DURING 1922 SEASON

DETROIT, Mich., Oct. 2.—Three major league batting records were tied by Ty Cobb in the season that closed yesterday. The Georgian has hit .390 or better in 17 seasons, has 300 or more sacrifices to his credit in eight seasons and has batted .400 in three seasons. His single at Cleveland yesterday assured him of a tie for the 400 per cent record, the highest in the history of the game.

He also tied the record for the most hits in a season, 116, which he set in 1909. The record of Jesse Burkett, Boston, however, set the three-year record before the foul strike rule became effective.

## The New Home Run King

ROGERS HORNSBY.

Hornsby has just finished the best year of his baseball career. He leads both leagues in home runs, with 40 and tops the N. L. batters with a mark over .400.

## M'Graw Smart, Says Ruth, but Runs, Not Signals, Will Win the Series

Bambino Says Instructions From Bench Will Not Prevent Yankees' Batters and Defense From Spoiling Manager's Plans — Pays a Compliment to Miller Huggins.

By Babe Ruth.

Just a year ago I attempted some World Series prophesying that made me look bad as a guesser. But today as we start all over against the Giants I repeat my last year's statement. I believe the Yankees are going to win this World Series and the result will leave no doubts. This year I've got it straight.

It doesn't take much figuring. A year ago the two clubs were about on a par in all-round strength. Personally I thought the Yankees had the edge, but we lost. In the year that has passed the Giants have lost strength and the Yankees have greatly improved. I think that is pretty generally admitted and no better indication of the outcome is necessary.

Along in April I hope to see the new Yankee Stadium dedicated with the unfurling of a World's Championship banner. The owners of the Yankee club have risked a fortune and taken much criticism in their efforts to give the American League the equal of the Giants. And for many years the Giants have been the class; you can't take that away from them.

But as they were saying down in St. Louis a few weeks ago—"The Yanks are coming," and the two Colonels are about to reach their goal in baseball.

From this line of thought one might think I have an idea that all we have to do is to go out to the Polo Grounds and watch the Giants curl up. Don't you believe it, I don't. We are going to have a good hot fight on our hands. But I'll say that three-day preliminary down in St. Louis was as tough as we'll ever get from McGraw's crowd.

The Giants haven't got a Sialer. They haven't got a Williams. And they certainly haven't got the pitching that was sent against us by the Browns.

Yes, they've got Manager McGraw. In many ways in a class by himself. I respect his great record as much as any fan or expert in the country. But here's something important to remember—Mr. McGraw just sits on the bench. Like Manager Huggins. Or Connie Mack.

The Manager's Limitations. The nearest Manager McGraw ever comes to the ball is when it rolls into the dugout. Yet, all we heard last year and this year is look out for McGraw. But all he can do is flash signals and give instructions.

What good did it do last year to the first two games? McGraw kept flashing signals and yet the Giants couldn't make a single run in the first 10 innings.

If Meusel and Kelly are told to "hit it a mile" and Bob Shawkey

## Local Municipal Champions Lose 2 Intercity Games

Hezels Defeated by Omaha, 9-4, and by Memphis Team, 12-4.

The Hezels, St. Louis municipal baseball champions, suffered a reversal of form yesterday which sent supporters home in disgust and gave the South Side Merchants of Omaha and the Polarines of Memphis victory in the intercity series. Omaha won by a 9-to-4 score, while Memphis triumphed, 12 to 4, in a seven-inning farce. Dyck, the Omaha pitcher, was in great form and with perfect support would have gained a shutout. Wilson, who relieved McCabe for Memphis in the third inning, was too much for the Hezel batters.

Walsh, who pitched the first game for the Hezels, was wild and three passes and a single gave Omaha three runs in the first inning. The Hezels tied the score on three hits and a pair of errors in the fifth. Tracy's lucky home run in the seventh, the ball taking a high bound over Jake's head, gave the visitors their sixth run and a sufficient margin to win the game. Poet relieved Walsh in the eighth, after Wachter and Dyck had singled with two out. A sacrifice fly gave the visitors their sixth run and a sufficient margin to win the game. Poet relieved Walsh in the eighth, after Wachter and Dyck had singled with two out. A sacrifice fly gave the visitors their sixth run and a sufficient margin to win the game.

The Hezels scored two runs in the second inning off McCabe, who started for the Polarines. Jake singled to right and reached third when Clifton failed to reach Turner's pop double to left. Hoettler scored the pair with a single to left.

Wilson, a left-hander with great speed, went to the mound for Memphis starting the third inning and held the local champions safe, although they did score two runs off him. The visitors pounded Hoettler in the fifth and sixth innings. Two runs came in the fifth and five in the sixth chased over the plate in the eighth.

Errors Aid Memphis Team. A home run and a double followed by an error by O'Shea, gave the Polarines two runs in the fifth. Four solid hits, coupled with three infield errors, enabled the visitors to score five times in the sixth inning. A single, an error and a wild pitch gave Memphis their twelfth and final run in the seventh.

The game was called on account of darkness at the end of the seventh, after the Hezels had scored their fourth and final run. Hoettler singled and was forced by Emmett Donovan at second. A wild pitch put Donovan on third, and he scored an Christopher's out.

Minor League Results. AMERICAN ASSOCIATION. St. Paul 4-10; Louisville 3-1. Kansas City 4-4; Columbus 3-2. Minneapolis 3-0; Indianapolis 2-0. Toledo 7-1; Milwaukee 4-9.

COAST LEAGUE. Sacramento 3-0; San Francisco 2-1. Los Angeles 3-3; Salt Lake 5-2. Vernon 6-7; Seattle 0-0. Portland 9-1; Oakland 4-3.

Yesterday's Home Runs. NATIONAL LEAGUE. Flieger-Club, Philadelphia 1. Smith, Cardinals 1. Bottomley, Cardinals 1. Higbee, New York 1.

don't think he hasn't showed us a few tricks of his own. Pitching and batting will tell the final tale. The advantage in pitching is clearly in favor of the Yankees. Under other circumstances the Giants might have the edge in club batting, but with us hitting against a weakened staff and McGraw's club going against Bush, Shawkey, Jones, Hoyt and Mays—I think the Yankees have the inside track.

Once again, to risk my reputation as a prophet, I pick the Yanks to win by at least two games.

Bozeman Bulger, veteran New York baseball writer and contributor to leading magazines, who has followed the fortunes of the New York Yankees all season, will be able to give an interesting story from the Yankees' side of the struggle.

The battery follows:

John McGraw  
Manager of the  
Giants, who will be  
the underdogs in  
the series. McGraw  
is one of the smart-  
est men in baseball.  
He will tell the inside  
story of how the game  
were won and lost.

Ring Lardner  
Famous comic base-  
ball writer, author of  
the "You Know Me,  
Al" stories, will tell in  
his inimitable style  
how "the serious  
should have went."  
He'll not pick the win-  
ner, but he'll pick both  
winner and loser to  
pieces, and you'll en-  
joy it.

George Moriarty, American League  
umpire, will treat the chances of  
both teams, discuss the world series  
from the intimate viewpoint made  
possible by his position.

John E. Wray  
Sports editor of the  
Post-Dispatch, will  
tell how each game is  
won and lost, sending  
a descriptive running  
story during each  
game, elaborating on  
the play-by-play story  
which the Associated  
Press will flash from  
the press box.

Irwin Howe, official statistician  
of the American League, will con-  
tribute comparisons of the two con-  
tenders, based on records compiled  
from the official box scores of the  
season.

## Lardner Prepares to Plunge on The World Serious and It Looks Like a Long, Cold, Indoor Winter

This Forthcoming Event Is Even More Important in His Life Than Was the Classical of 1919 When Ring Found a Sucker and Bet His Friend's Money on the Alleged White Sox.

By Ring W. Lardner.

NEW YORK, Oct. 2.—All though they have been world serious practically every yr. for the last 20 yrs. this next world serious which is supposed to open up Wed. P. M. at the Polo grounds is the most important world serious in history as far as I and my family are concerned and even more important to us than the famous world serious of 1919 which was win by the Cincinnati Reds greatly to their surprise.

Maybe I would better exclaim myself before going any further. Well a few days previous to the serious of 1919 I was approached by a young lady who I soon recognized as my wife and any way this woman says would I buy her a fur coat as the winter was coming on and we was going to spend it in Connecticut which is not generally considered one of the tropics.

"But don't do it," she says, "unless you have got the money to spare because of course I can get along without it. In fact," she added bursting into tears, "I am so used to getting along without this, that and the other thing that maybe it would be best for you not to buy me that coat after all as the slight of a luxury of any kind might prove my undoing."

He Found a "Sucker" in 1919. "Listen," was my reply, "as far as I am concerned you don't half to prove your undoing. But listen you are in a position to know that I can't spare the money to buy you one staid leave alone enough for the little codgers skins to make a coat for a grown up girl like you. But if I can get a hold of any body that is sucker enough to bet on Cincinnati in this world

serious, why I will borrow from some good pal and cover their bet and will try and make the bet big enough so as the winnings will buy you the handsomest muleskin coat in New England."

Well friends I found the sucker and got a hold of enough money to cover his bet and not only that but give him odds of 6 to 5 and that is why we did not go out much in Greenwich that winter and not for no lack of invitations as certain smart Alex has let fall.

I might also mention at this juncture that he was a similar agreement at that serious between Eddie Collins the capt. of the White Sox and his Mrs. only of course Eddie did not make no bet, but if his team win, why he would buy his madam a personal sedan whereas if his team lost, why she would half to walk all winter. Luckily, the Collinses live in Lansdowne, Pa. where you can't walk far.

Will Need Furs Even in Home. Well friends I do not know what is the automobile situation in the Collins family at the present writing as have not saw them of late but the fur coat situation in my family is practically the same like

me say it said "You are right, Lardner" and if they do their best, why it looks a lot like as if the serious should be to be well over by Sunday night and the little woman's new coat delivered to suit little boy some time Monday and maybe will get invited out somewhere that night and they will be a

ward.

ward.

## of Greece

Eisel and Jordan  
Wrestle Tonight

Midweek to Meet in Feature  
Match of Opening Show  
at Armory.

Eisel, Missouri middleweight wrestling champion, will meet "Greek" Chris Jordan of Cleveland in the feature match of the Business Men's A. A. show at the Armory tonight. This match will open the wrestling season in St. Louis.

The winner has been promised a match with Johnny Meyers, generally recognized as the middleweight titleholder.

In the semifinal, Boris Dimitroff of Lloyd Carter met, while Johnson and Gus Clem wrestled in the first match.

It was in 1919 only as I hinted in the opening paragraph of this intimate article, it is a 4—am night.

Because this yr. they won't be a chance for the little woman to offset her paucity of outdoor rags by spending the winter in the house. She is going to need furs even there.

Therefore as I say this coming serious is the most important of all as far as we are concerned for Mother ain't the same girl when he is cold and after all is said and done what is home with Mother in her tantrums?

So I and my little ones is hoping and praying that the boys who I have staked my winter happiness this yr. will not have no meetings in no hotel rooms between now and Wednesday but will go into this serious determined to do their best which I once said was the best anybody could do and the man who heard me say it said "You are dead right Lardner" and if these boys do their best, why it looks to me like as if the serious should ought to be well over by Sunday night and the little woman's new fur coat delivered to our little home some time Monday and maybe we will get invited out somewhere that night and they will be a blizzard.

## After the Yanks Had Beat It With the Bacon the Red Sox Sent Pennock to Lock the Smokehouse Door

Hornsby Finishes Season  
With .401 Batting Mark;  
Cardinals Tie for Third

Cardinals' Second Sacker Is First National League Player to Accomplish Swat Feat in 23 Years — Pfeffer Keeps  
12 Hits Well Scattered.

CHICAGO, Oct. 2.—Rogers Hornsby, the Cardinals' slugging second sacker, by getting three hits in five trips to the plate in the final game of the season with the Cubs yesterday, batted himself into the hall of fame, among the select 400 hitters. Hornsby is the first National League clubber to accomplish the feat since 1899, when Ed Delahanty of the Phillies won the title with .408. Hornsby's unofficial average was .401. The Cardinal star has now won the batting title three successive years.

The Cardinals won yesterday's contest, 7-1, and thereby went to a tie for third place with the Pirates, who dropped a double bill to the Reds. The two victories enabled Hornsby's team to finish second. Jeff Pfeffer hurled for the Rickenbackers. He was belted for 12 safeties, but kept them well scattered.

Hitting for a .400 average for the season was the only honor shared by Hornsby during 1922. He is the new major league home run king with a total of 42, three better than the figure for Kenneth Williams of the Browns. "Babe" Ruth, who created a record of 59 four baggers a year ago, finished with 25. Hornsby also topped the National League in his 250 to his credit. He also beat his 1921 record for driving in runs.

Pfeffer's record of 10 times. Hornsby's feat of hitting .400, has been performed only 10 times in the National League. R. Barnes of Chicago was the first to accomplish it in 1876 when he hit .402. Others to turn the trick are: Capt. A. C. Anderson, Chicago .407 in 1879 and .421 in 1887; J. Stenzel, Pittsburgh, .409 in 1892; Hugh Duffy, Boston, .423 in 1894; Jess Burkett, .422 in 1895 and .410 in 1896; Willie Keeler, .422 in 1897; Delahanty, .408 in 1899 and Hornsby, .401 in 1922. That shows

Mitchell Defeats  
Diegel and Wins  
Southern Honors

British Golf Star Captures Title  
After 39 Holes of Play Over  
Nashville Course.

NASHVILLE, Tenn., Oct. 2.—The Southern Golf Association crown, carrying with it the title of open golf champion of the South, was placed upon the head of Abe Mitchell of England here yesterday, after he had won the play-off to break the tie with Leo Diegel of New Orleans, when both players finished 72 holes in the association's fourth annual tournament in 280 strokes, four under par for the four rounds over the Belle Meade Country Club course.

Repeating his performance of Saturday, Diegel again tied Mitchell's score of 146 for 38 holes on the home green by shooting a "birdie" 4 after going to the afternoon round four strokes down to the Englishman, and at one time—on the third hole of the outward nine—being six strokes behind.

In an effort to break the knot, it was decided to play three more holes, and the struggle virtually ended on the thirty-eighth green, where Diegel for the third time during the day hooked his ball into the rough. But,

They are all  
good reasons

It is not always that when you seek reasons for the gratification of your desires that you find reasons. But there are good reasons for a man wearing a Losse custom tailored suit.

Being made for you from your measurements it fits better and looks better—and makes you feel better. You cannot feel too good, and the better you feel the better you are.

Fine woollens and hand-tailoring add not alone to appearance, but add months of service.

With all these reasons, and the modest prices, comes the conclusion that this gratification of desire is truly an economy.

Local Net Stars  
Again Win From  
Memphis Players

St. Louis Municipal Racquet  
Wielders Capture Three  
Intercity Matches.

By Davison Obeas.

The St. Louis municipal tennis team defeated the Memphis players in an intercity contest on the Forest Park courts yesterday afternoon. Three matches were played, while Saturday two contests were held. Local players captured all five matches, defeating Memphis, 5 to 0.

Ted Heuserman opened the play yesterday. In a singles contest he defeated Jimmie Elmore of Memphis in straight sets, 6-1, 6-1. Elmore was the runnerup in the recent municipal tournament in Memphis. The Memphis player put forth his best efforts against Heuserman, but did not have the necessary speed to win. Elmore made a number of excellent returns in the match, but could not cope with the placement drives of his opponent.

Kammann Defeats Yenger. In a second singles match Karl Kammann, local municipal champion, defeated George S. Yenger, the Memphis star. The first set was easy for the St. Louis player, but the second found Yenger improved in his play. Kammann won this match by a 6-0, 6-3 score. Yenger is the ranking player of Memphis and the State of Tennessee. He won the municipal championship of Memphis this season.

Yenger has an excellent fast service and seems to strike strokes with ease and grace. His ground strokes lack the speed of Kammann's and this was one reason for his defeat yesterday. Yenger was apparently off form when at the net position in yesterday's match in both singles and doubles.

Charles Barnes and Kammann won the doubles encounter from Elmore and Yenger. Play was very close in both sets, which the local municipal champions win by a 6-4, 6-3 score. Barnes and Kammann kept the lead in the first set, but in

MOBILE BEATS TULSA  
IN THIRD GAME, 9-3

By the Associated Press.  
TULSA, Ok., Oct. 2.—Lefty Fuhr was in fine form yesterday and the Mobile Dixie series champions, defeated the Tulsa Western League champions, 9 to 3. It was a fast game on a muddy field. Of the three games of the class A championship series, Tulsa has won two and Mobile one.

Tulsa's skipper sent McLaughlin to the rubber to oppose Fuhr, but he proved to be very little opposition. Russell, Hausigand and Black were all given a trial on the mound, but they all looked alike to the Southerners.

ENGLISH WOMAN SOCCER  
TEAM DEFEATED, 7 TO 5

By the Associated Press.  
NEW YORK, Oct. 2.—Fully 7000 soccer fans, comprising one of the largest crowds that ever filled New York Oval, greeted the British women soccer players, representing the Newcastle United Women's Football Club, yesterday and witnessed a thrilling contest of 90 minutes and, incidentally, the second defeat of the team in this country. The Centro-Hispano eleven, runners-up in the Metropolitan Football League, which had been selected to oppose the visitors, won by a score of 7 goals to 5, after cutting down a 5-2 lead established by the women in the first period of play.

MOUNT VERNON OUTFIT  
WINS TROPHY TITLE

The Mount Vernon club won the championship of the Missouri-Illinois Trolley League defeating the White Roses of Belleville, 12-4, in the second and deciding game of the series. Vaughn and Groh pitched for the winners, and Gorkel, a Cardinal recruit, for the losers.

The second set, the Memphis team threatened to win. They won the first two games, but the victory soon turned the score and won the set.

The complete summary of the five matches played in the two days follows:

St. Louis 5, Memphis 0.

Singles.  
Elmer Schwarz, St. Louis, defeated Jimmie Elmore, Memphis, 8-6, 6-4; Karl Kammann, St. Louis, defeated George S. Yenger, Memphis, 6-0, 6-2; Ted Heuserman, St. Louis, defeated Jimmie Elmore, Memphis, 6-1, 6-1.

Doubles.  
Schwarz and Schwarz, St. Louis, defeated Elmore and Yenger, Memphis, 6-3, 6-2; Barnes and Kammann, St. Louis, defeated Elmore and Yenger, Memphis, 6-4, 6-3.

Jonnard May Prove Real Star  
Of Giants in World's Series

Young Right-Hander Has Great Fast Ball, Good Control and  
Plenty of Courage—Howe Expects Scott to Baffle  
Yankee Sluggers.

By Irwin M. Howe,  
Official Statistician of the American League.

According to the judgment of managers, players and umpires, manager McGraw faces the most serious problem that has ever confronted a leader of a world's series contender as he undertakes to fashion a reasonably strong hurling staff out of the material at his command.

The Giants' leader has several classy pitchers on his pay roll, but during the last six weeks not one of them has hurled a really good game. McGraw's only two dependable pitchers, Nehf and Ryan, have both shown signs of wear. The purchase of McQuillan helped the Giants land true form the public does not know and there is no way of finding out until he starts a game.

Jack Scott has shown the best of any of McGraw's regulars ever since he joined the Giants. I think he will be likely to give his opponents a hard battle, at least for five or six innings, when, if the Giants have an even break or a lead of a run or so, McGraw will shift to one of his second string men and thus try to save Scott for another start. Scott is a smart curve ball pitcher, which he alternates with a fast overhand and a slow ball.

Jesse Barnes was poison to the Yankees a year ago, but he, like all the rest of the Giants' twirlers, has been very inconsistent for three months. Barnes' best asset is a mighty hook, sandwiched in with a occasional fast one and a typical old-fashioned slow ball that just carries to the plate. A pitcher with Barnes' kind of deliveries must have control and that has been Jesse's trouble most of the time this season.

Hugh McQuillan is another curve ball hurler, who has had to "slow up" often during the past two months to get the ball over the plate, while Bill Ryan depends upon a mixture of a little of everything. Ryan has been more effective all season than any of the regulars and he has saved many a game in the last 60 days by his ability to step in on short notice and throw the ball over the plate.

Manager McGraw has a hurler on his staff that few people have paid any attention to, but who, I think, may cut considerable ice in this series and that individual is Claude Jonnard. Jonnard has been much used to finish games and he has done that specialty so well that at this writing he is credited with six victories for the season and only one defeat. He has a wonderful fast ball, good control and plenty of courage. I will be surprised if he does not start a game. If he does he will make a good showing. Virgil Darnes has been worked but little and one can only judge that the Giants' leader does not consider him National League caliber at this time.

If Nehf, McQuillan, Ryan, Scott and Jess Barnes were all in top form it is fair to say that even then the Giants would have the worst of the argument so far as pitchers are concerned, but they would be close enough to the Yankees to make the outcome of a short series uncertain.

Season's Records  
Of Giant Hurlers

Following are the season's record of the Giants' pitchers for the season:				
NAME	W.	L.	Inn.	R.
Nehf	17	10	243	113
Ryan	13	7	152	87
J. Barnes	12	8	177	79
Jonnard	6	1	41	13
Scott	4	3	27	21
McQuillan	2	10	168	82

Martin Will Not  
Meet Harry Greb

Soldier Boxer to Oppose Floyd  
Johnson of California in  
East Friday Night.

By Bert Igoe.

NEW YORK, Oct. 2.—Harry Greb will not meet Bob Martin at the Garden on Friday night. Instead the soldier boy will face Floyd Johnson, the hard-hitting Californian. A far better match, we would say off hand, with all due respect to the plugging Greb. Greb can just about outpoint any man in the country over a short distance and that might even include the solid man of the world, Dempsey.

A better fight because, in our opinion it will be a matter of downright hitting between Martin and Johnson. After all it is hitting and not powder puffing that the pop-eyed customers want.

Johnson, a pupil of the resourceful Alex Gregains of Fresno, is a deep chested, round shouldered natural hitter. Twenty-two and full of pluck and ambition. The same can be said of Martin. Johnson has had five fights in the East and each and every time he has accounted for a bruised and belittled bloke. He is a sweet hitter. He has the Gregains left, as artful a southpaw poke as you have seen in many a day.

If Martin had the Johnson left he might some day be the heavyweight champion of the world.

Muldoon Steps In. William Muldoon, chairman of the State Athletic Commission, informed Frank Flourney that Greb could not be trotted out in any arena unless he first met Johnny Wilson. Strange, the commission, if we remember correctly, set Greb down for refusing to fight one Rosenberg. Therefore it would seem quite fair to us to have take on this Rosenberg.

Man in Ill Health Ends Life.

Handie Kempe, 77 years old, of 1959 Belt avenue, ended his life last night by shooting himself in the head in the basement of his home. He had been in failing health for several years. A note to his son, Harry R. Kempe, said he would shoot himself at 8:10 o'clock, after prayer for himself and the family.

Evangeline Booth Removal Protest.

CHICAGO, Oct. 2.—A resolution protesting against the contemplated removal of Evangeline Booth from leadership of the Salvation Army in America was adopted at a meeting of district deputies, members of the Elks' National Memorial Headquarters Committee, and about 200 members of the Benevolent and Protective Order of Elks, held today.

Three Persons Taken With Revolutionists Executed; Appearance of Juarez Again Normal.

By the Associated Press.

EL PASO, Tex., Oct. 2.—Federal authorities on both sides of the border are searching for Capt. Feliciano Val Verde, leader of the revolt of the Forty-Third Regiment in Juarez Saturday morning, which was subdued by Gen. J. J. Mendez, garrison commander.

Belief that he had escaped to El Paso, where it is said, he has friends and relatives, was strengthened when three horses taken from the regimental stable by Capt. Val Verde were found at 11 o'clock yesterday morning. One of the horses was identified as that ridden by the Captain during the fight.

Fifty-nine soldier prisoners will be taken to Chihuahua City for trial by a military court, Gen. Eugenio Martinez, commissioner of the northern military zone, announced.

Juarez was restored to its old "Jole de Vivos" last night. Streets were crowded, while cafes and saloons did a rushing business.

Three alleged "rateros" taken with the revolutionists were executed in the second patio Saturday morning.

**SUSPECTED 'BLACK HAND' WRITER DENIES EXTORTION ATTEMPT**

Brothers Say They Received Demands for \$2000 and \$3000 Apparently on Own Stationery.

In reporting the receipt of two "black hand" letters demanding \$2000 and \$3000, Tony and Rosie Campo of 908 Morgan street, yesterday told the police that the letters apparently were written on their own stationery.

Early in September, they reported, a neighbor had borrowed some of their stationery through his daughter. Shortly thereafter, they received the first letter. It was dated Sept. 14 and demanded \$2000. The second missive, which arrived Sept. 29, increased the amount \$1000, and stated that both would be killed if they did not comply with the demands. The Campos disregarded the threats.

After they turned the letters over to the police the neighbor they mentioned was arrested. He denied all knowledge of the letters and said the stationery he had borrowed had been used in writing a letter to relatives in Italy.

Three Persons Taken With Revolutionists Executed; Appearance of Juarez Again Normal.

By the Associated Press.

EL PASO, Tex., Oct. 2.—Federal authorities on both sides of the border are searching for Capt. Feliciano Val Verde, leader of the revolt of the Forty-Third Regiment in Juarez Saturday morning, which was subdued by Gen. J. J. Mendez, garrison commander.

Belief that he had escaped to El Paso, where it is said, he has friends and relatives, was strengthened when three horses taken from the regimental stable by Capt. Val Verde were found at 11 o'clock yesterday morning. One of the horses was identified as that ridden by the Captain during the fight.

Fifty-nine soldier prisoners will be taken to Chihuahua City for trial by a military court, Gen. Eugenio Martinez, commissioner of the northern military zone, announced.

Juarez was restored to its old "Jole de Vivos" last night. Streets were crowded, while cafes and saloons did a rushing business.

Three alleged "rateros" taken with the revolutionists were executed in the second patio Saturday morning.

**SUSPECTED 'BLACK HAND' WRITER DENIES EXTORTION ATTEMPT**

Brothers Say They Received Demands for \$2000 and \$3000 Apparently on Own Stationery.

In reporting the receipt of two "black hand" letters demanding \$2000 and \$3000, Tony and Rosie Campo of 908 Morgan street, yesterday told the police that the letters apparently were written on their own stationery.

Early in September, they reported, a neighbor had borrowed some of their stationery through his daughter. Shortly thereafter, they received the first letter. It was dated Sept. 14 and demanded \$2000. The second missive, which arrived Sept. 29, increased the amount \$1000, and stated that both would be killed if they did not comply with the demands. The Campos disregarded the threats.

After they turned the letters over to the police the neighbor they mentioned was arrested. He denied all knowledge of the letters and said the stationery he had borrowed had been used in writing a letter to relatives in Italy.

Man in Ill Health Ends Life.

Handie Kempe, 77 years old, of 1959 Belt avenue, ended his life last night by shooting himself in the head in the basement of his home. He had been in failing health for several years. A note to his son, Harry R. Kempe, said he would shoot himself at 8:10 o'clock, after prayer for himself and the family.

Evangeline Booth Removal Protest.

CHICAGO, Oct. 2.—A resolution protesting against the contemplated removal of Evangeline Booth from leadership of the Salvation Army in America was adopted at a meeting of district deputies, members of the Elks' National Memorial Headquarters Committee, and about 200 members of the Benevolent and Protective Order of Elks, held today.

cording to sizes. All the new colors included.

### CURTISS MAKES TEST WITH GLIDER TOWED BY SEAPLANE

Airplane Inventor Develops Moving Aerial Target Sought by Army Air Officer.

By the Associated Press.  
PORT WASHINGTON, N. Y., Oct. 2.—A special test with a 140-pound glider towed by a seaplane was conducted here yesterday under super-  
vision of Glenn H. Curtiss, airplane inventor and pioneer experimenter in aerostatics.

Several weeks ago Curtiss success-  
fully employed a motor boat to raise a glider from the surface of the wa-  
ter. Yesterday's experiment was  
made chiefly, Curtiss said, to develop  
a moving aerial target long sought  
by aviation officers of the army.

The glider was attached to the  
seaplane by an 800-foot wire and was  
piloted by David H. McCulloch. It  
was towed across Manhasset Bay by  
a Curtiss seaplane, and rose almost  
at the same moment that the plane  
left the water. McCulloch kept the  
glider from 50 to 75 feet above the  
plane in order to receive the benefits  
of air currents, which were in no  
way disturbed by the flight of the  
plane. When he had gained an alti-  
tude of 200 feet the wire was cut  
and the glider sailed back to the  
surface of the bay. Curtiss said he  
was satisfied with the test, which he  
described as an extremely hazardous  
undertaking.

### 'AUTOMOBILE FOOT' DESCRIBED

California Physician Tells of Brand-New Affliction.

By the Associated Press.  
CHICAGO, Oct. 2.—A brand-new affliction—the automobile foot—was disclosed by Dr. Charles Cross of San Francisco, here to attend the convention of the physical therapeu-  
tists. It is caused, he declared, by holding the foot for prolonged periods on the accelerator pedal. The lesion caused by this strain, he said, is usually located at the second toe. Sensations of pain occur across the ball of the foot, alternating in-  
creasing and decreasing until it causes alarm, according to the physi-  
cian.

Freighter on Rocks Off Scotland.  
By the Associated Press.  
LONDON, Oct. 2.—The steamship Quaker City with a cargo of pig iron is stranded on the rocks off a mile south of the town of Aberdeen, shire, Scotland, in a bad position. The ship struck early yesterday morning during a heavy storm. Lifeboats rescued two passengers, an American and his wife. The Quaker City, an American vessel, of 3453 tons, sailed from Leith, Sept. 20, for Boston.

Class Rush Injuries Fatal.  
By the Associated Press.  
MILTON, Wis., Oct. 2.—Roland Sayre, Milton College sophomore, died yesterday of injuries received in the annual freshman-sophomore class rush Sept. 22. Sayre was pres-  
ident of the freshman class last year and was a football and basketball player.

Man Killed by Fall Into Ashtabula.  
Special to the Post-Dispatch.  
EXCELSIOR SPRINGS, Mo., Oct. 2.—Frank Hatfield, a painter, 25 years old, was killed Saturday night when he fell into an asphalt at the Wabash roundhouse. His chin struck an iron bar, breaking his neck.

### Let Cuticura Be Your Beauty Doctor

Never mind how often you have tried and failed, you can stop itching itching Eczema quickly by applying Zemo, furnished by any drug store for 50c. Extra large bottle, \$1.00. Healing begins the moment Zemo is applied. In a short time you will see every trace of Eczema, Tetter, Pimples, Rash, Blackheads and similar skin diseases will be removed. For clearing the skin and making it vigorously healthy, always use Zemo, the penetrating, astringent liquid. Where others fail it is the one dependable treatment for skin troubles of all kinds.

## Busy Bee Candies

Sport Salad  
by L. C. Davis

## OCTOBER.

THE month of October  
And everyone's sober  
At least to a certain extent;  
The leaves are now burnished,  
Apartments all furnished  
No longer are offered for rent.

Vacations are over.  
The boys are in clover  
With muscles as hard as a rock;  
And with renewed vigor  
They sit there and figure  
While keeping one eye on the clock.

In high school and college  
Much gridiron knowledge  
Is being absorbed by the boys;  
The coaches are shrieking  
And busily seeking  
For Brickleys and Hustons and Coys.

## BEAUTY HINTS.

"We must Care for Our Feet Just as We Do for Our Faces."

COME all ye fair-ladies who powder your noses  
To make your complexion look sweet;  
You'd better get busy and powder your toes  
And take better care of your feet.

"Movie Actresses Beautiful but Dumb," George Belan says.

This may be true, but after all  
She'll be the dumb-bell of the ball.

The movie actress may be dumb  
but fortunately the job doesn't require her to do any talking.

## COMING DOWN.

DAME FASHION finally decrees  
That skirts must come below the knees;  
And thus conservatism wins,  
And hides a multitude of sins.

"Violin Music Charms Moose,"  
How about a little duet on the moose horns?

"Smallest Man in the World Asks for Papers,"  
Indicating that he is rolling his own.

"5000 Hooch Cans Sold to Yanks in Paris,"  
A stick with a kick, as it were.

See where Jack Dempsey is up in Canada looking for big game. "Smatter, Jack, isn't Harry Wills big enough for you?"

"He Prayed, Then Stole My Pears," Woman says.  
He who prays and steals my pears Will never climb the golden stairs.

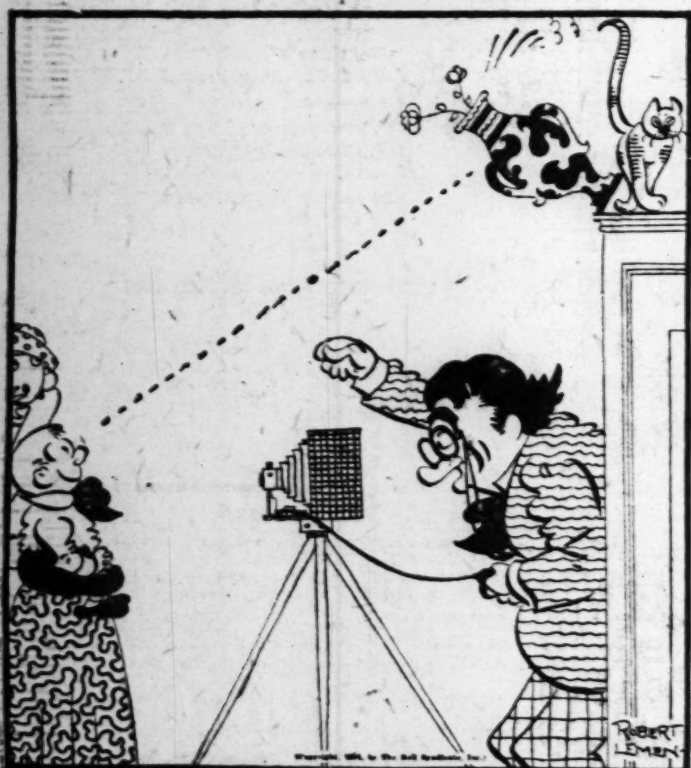

"Six Are Hurt in Workouts,"  
Looks like a big year on the grid-iron.

Ben Goslin of the Senators has made five hits in one game twice this season. Indicating that Goslin is there like a duck.

CAN'T LOSE HIM.  
ALTHOUGH the horse, as some maintain.

Has nearly run its course.  
The baseball player will retain His well-known Charleyhorse.

## A TIME PREDICTION.

## SOMEBODY IS ALWAYS TAKING THE JOY OUT OF LIFE.—By BRIGGS (Copyright, 1932.)

FUR BETTER OR FUR WORSE  
By "Bugs" Baer

LADIES' skirts will attract attention just so long as there are ladies inside of 'em. It isn't roar of silk; rumble of lace nor thunder of satin that attracts attention.

You can sentence our flappers to burial bags, gingham hat and khaki uniform. But men would follow 'em to ends of earth and think it was short journey. They would chase 'em forever and think that eternity was but one Saturday half-holiday.

Fine feathers make beautiful birds, but beautiful wood makes cuckoos. Women's dresses are all designed by men who can't even dress 'emself right. Best dress-maker in New York is some man who dells himself up in overcoat that looks like full brother to Man-o-War's winter blanket.

Last summer skirts were shorter than 16-word telegrams. Women looked all razor-sharp and cabbage knees.

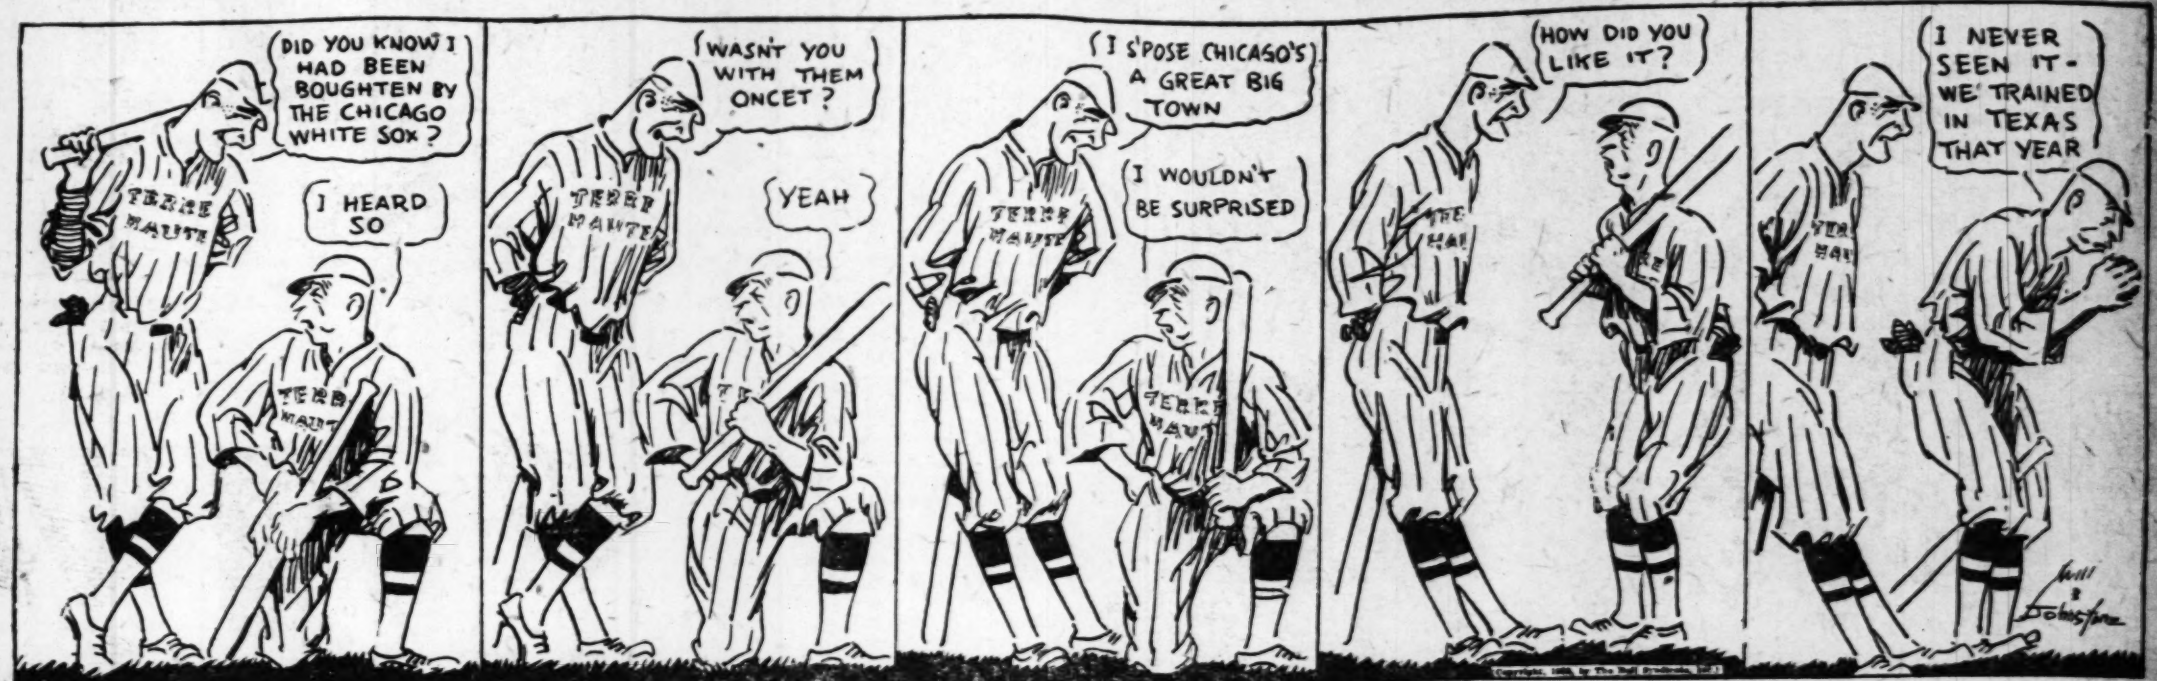

This fall dresses are longer than Philadelphia lawyer's plea for clemency. Women look all bunions and feet.

Skirts jump from extreme to extreme. There should be some half-way point.

Some women never look good, no matter what they borrow. When they're all dressed up and no place to go they look like wash hanging on Monday's line.

Why don't women design their own dresses? This is one thing that no man should step into.
